Dear George

Dear George

I received your
letter: last week Mrs. Felt
she took immediately
Worcester to the
W. you would like to be
at William Wyman's
the best room no. 100
on the large street corner

[illegible]

kind in spirit but a
 relative it is good real
 now. I was out to Ben Brins
 last children's blessing to the
 small party. He said I think
 are going out to the school
 in some on a business
 in a garden my house
 from ground here the first
 with the children are going
 to the school for the small
 child's own room - and had
 some people in the

This will find her home
all here at Kent Street
for the best for a fortnight.

Yours Affly

Will H. H. H.

Berlin 31st Mar 1882

My dear Hawley

I have at last

succeeded in finding
a Goshawk, from my old
Wild Goshawk and out of
a hen three parts bred,
it is a late bird it was
young last August
of course they were not
as large as if they were
young in the spring, my
old Wild Goshawk is now large
as he was also a late bird
and got some of his young
weighed last fall 28 to 30 lbs

the boy who owns the
Gulcher. wants \$1.75 and
he will deliver the folder
boxed up at the station
it is a high price. at the
same time it is cheaper
than the best Gulcher you
can buy. if the price is to
suit. I will try and get
you one next fall. at present
this is the only query I can
find well. I will please
let me know whether I shall
ship it. and if I shall. please
address a card to meet on
the box. Yours
W. H. H. H.

Ernesttown Januaryth 18th 1880

Mr George J Hawley M.P.

I will endeavor to give you
my views on some reforms I
think should be made

1. There is the qualification of a
counselman has to be 400
dollars whilst a member of the
House of Commons or local
legislatures needs nothing with
I don't think for

2. The ballot if it could be more
simple for the more they
you use it I think the worse
they get in the place on Ernesttown
where you voted your self
there was a dozen ballots badly
marked at the last municipal
election where there is more
than 2 or 3 candidates they seem
to get them muddled up together
- 1

I think if one man ~~was~~
was appointed to go in and

help them that wanted help
would see all that is necessary
to mark the ballots correct

3 I think there is ~~there~~ a great
need in making the divisions
on caarts and sessions more
in unison than at present
would be a good reform
I was much pleased with the
Governor's opening speech and
think it fore shadows just
what reformers want

if this is no good to you it
will be no harm as it costs nothing
only don't think I am an
intruder on your good judgment
please send me the ~~the~~ late
Commissioners report on the
finance of the county of Lenox
and Adirondack

and any other papers you
think would be of interest
and if you could get me
a ~~small~~ small appointment
I would take it as a great
favor. That would pay me
a small sum as long as I
could do it satisfactorily to
them that had it to look
after

yours

Daniel Webster

Harvard

P.S. John and Wm^r Gilchrist
would take it as a great favor
if you sent them votes and
proceedings of the House

Geo D Hawley Esq

My Dear Sir

I want you to be
up & at work - Desache is
working hard for the nomination
on Saturday - It is my
strong desire you should
get the nomination as you
are the best entitled to it
& I shall do all I can
for you. See all you can
before Saturday & you are
all OK - I am working
hard for you - It will likely
be by ballot & the nomination
will be Desache. Hall & your-
self - Now look out & don't loose
ground you are all OK
if you work -

SECRETARY'S OFFICE,

PRIVATE.

45 KING STREET EAST,

Toronto, May, 1879.

Dear Sir,

Herewith I forward you :

- (1.) General Instructions to Canvassers, Agents, &c.
- (2.) Caution to Electors, and
- (3.) Special Instructions to Canvassers.

DISTRIBUTE THE LATTER AT ONCE.

The two former are intended more especially for Agents and Scrutineers, on Election Day.

If you have reason to suspect corrupt practices, on the part of our opponents, a placard should be printed in large type and posted up in each polling booth, with the following caution :

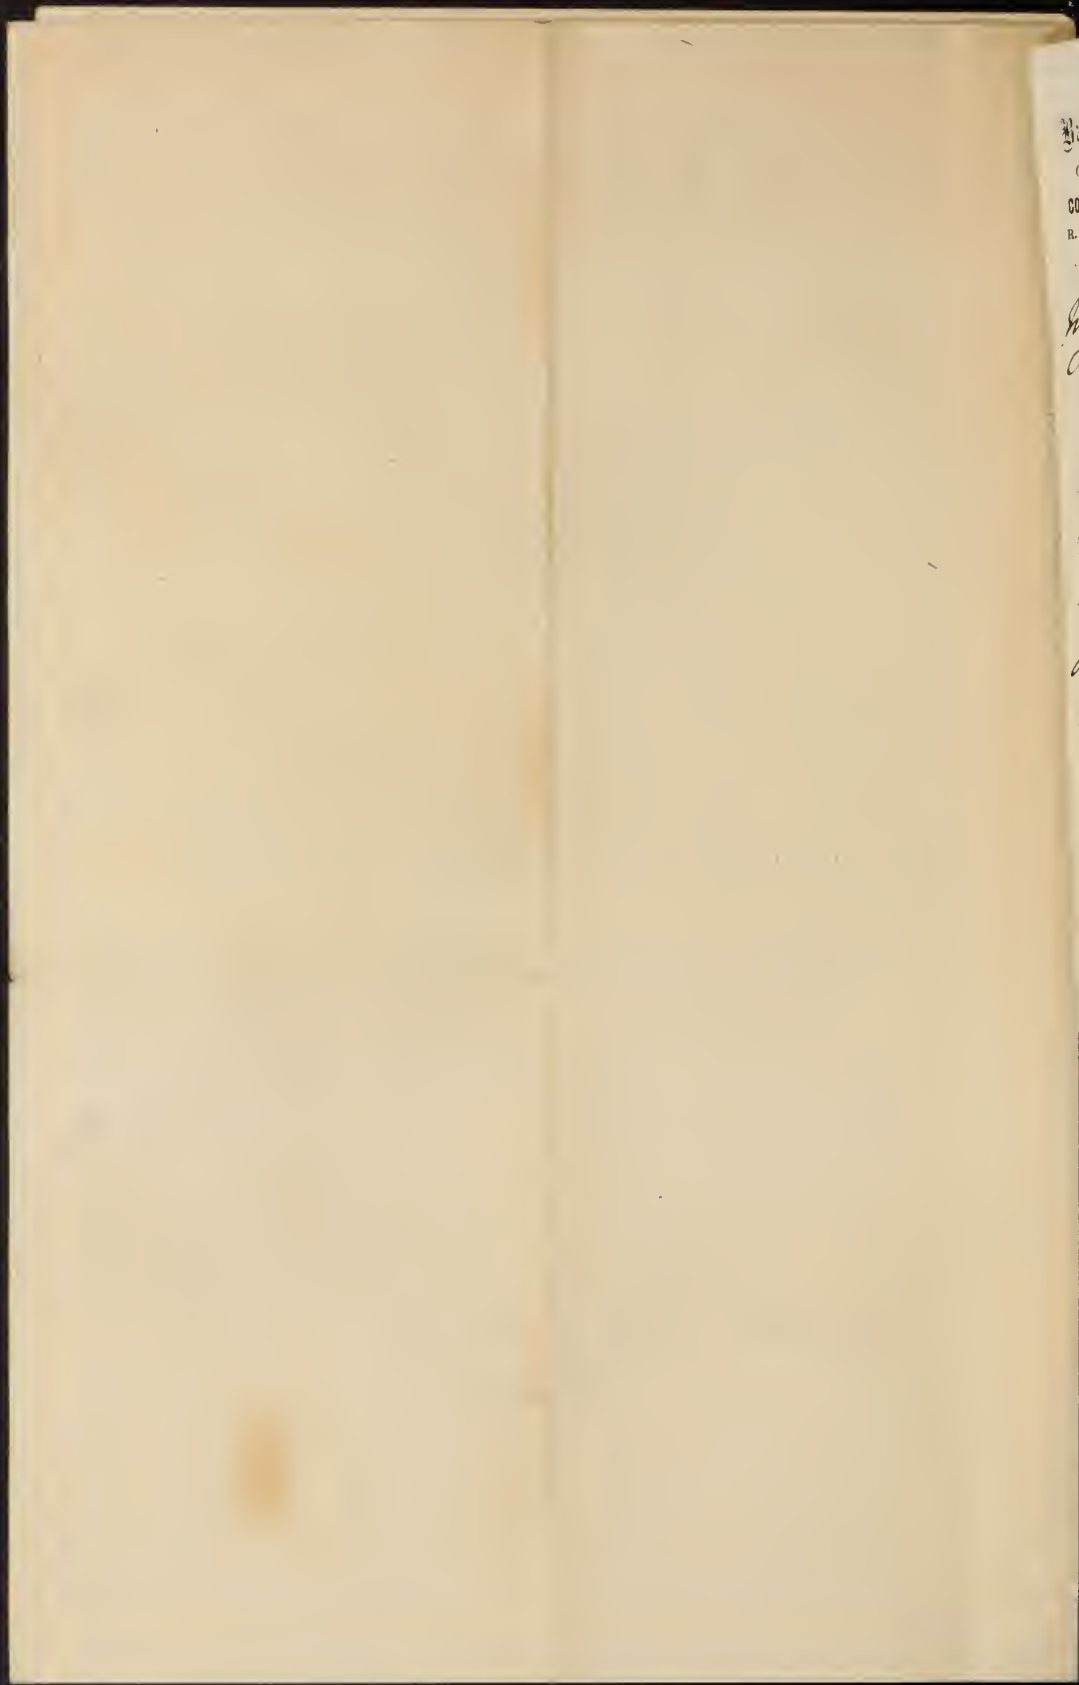

A Vigilance Committee has been organized to detect any corrupt practices in this Sub-division.

See that your Canvassers keep up the canvass UNTIL THE DAY OF ELECTION, and never cease working until THE LAST VOTE IS POLLED.

At least one of your Agents or Scrutineers, at each polling place, should be personally acquainted with every voter in order to detect personations, and, if possible, one of them should be a lawyer, or a law student.

Faithfully yours,

G. R. PATTULLO.

Napanee, Aug 13th 1885

My dear Mr. Hawley

I all wished me to
write you concerning the acts for the
Election as the time is drawing to a close
in which to make his return. I suppose
you are expecting to hear from the other
member. But during vacation I expect
everyone is away & away from
the city. Better come out & see
what can be done & wait for
it up until such time as you
can see about it.

The time is up on the 31st for a
petition so this will be a
trouble in this Election I am
happy to congratulate you

Yours truly
S. Gibson

TO THE HONORABLE SENATE OF THE UNITED STATES
IN SENATE
JANUARY 21, 1871
REPORT OF THE
COMMISSIONERS OF THE LAND OFFICE
IN RESPONSE TO A RESOLUTION PASSED BY THE SENATE
JANUARY 11, 1870

THE LAND OFFICE HAS THE HONOR TO ACKNOWLEDGE THE RECEIPT OF YOUR REPORT OF THE COMMISSIONERS OF THE LAND OFFICE, IN RESPONSE TO A RESOLUTION PASSED BY THE SENATE JANUARY 11, 1870. THE REPORT IS HEREBY REFERRED TO THE COMMITTEE ON LANDS, AND THE COMMISSIONERS OF THE LAND OFFICE ARE REQUESTED TO FURNISH THE COMMITTEE WITH SUCH INFORMATION AS MAY BE REQUIRED.

Very respectfully,
J. D. COOPER,
COMMISSIONER OF THE LAND OFFICE.

To the Electors of Lennox.

GENTLEMEN,—

Having received the unanimous and unsolicited nomination of the Convention of the Reform Association as candidate for the representation of this Electoral Division at the approaching election, I have, as most of you are probably aware, accepted the same, and now most respectfully solicit your support in the contest.

As a resident in the county, and a farmer whose property and future prospects must rise and fall with the tide of your prosperity, I feel that I can ask your suffrages with confidence, because every interest of yours is identical with my own.

I am for a strict economy in the administration of public affairs, and will use my best efforts to secure that end. I regard the recent reduction of the indemnity to members of the Legislature as a move in the right direction.

I shall take occasion at my meetings and elsewhere to set right, the wrong, misleading and unfounded statements contained in the figures copied into the printed address of my opponent; and when the facts are shown, these figures are of no force.

The important Agricultural interests of Ontario will receive my special attention, while the Commercial, Industrial, Educational, and other varied interests of our fair Province shall receive from me that careful consideration which their importance demands, and the exercise of my best judgment.

While I do not approve of every act of the present Government, under the Leadership of the Hon. Mr. Mowatt, the general Policy of that Government has commended itself to me as being in the best interests of the country. I shall, if elected, give them my support so long, and only so long, as I deem them entitled to my confidence on their merits.

I take this opportunity to brand as an infamous falsehood the reports industriously circulated in the County by my opponents that I am an Infidel, a Sceptic, a Rationalist, or an Atheist; on the contrary, I distinctly assert that I am now, and have always been, a firm believer in what is usually called Orthodox Theology, and in the Truths of the Christian Religion. In these respects I have always been, and propose always to be, honest enough to avow and act upon my convictions.

In conclusion, Gentlemen, let me say, the position of candidate sought me, I did not seek it. As such a candidate I cordially solicit your generous support, and, if elected, I shall strive to merit your confidence by serving you to the best of such abilities as I can bring to the promotion of your interests.

Geo. D. HAWLEY.

SOUTH FREDERICKSBURGH, May 8th, 1879.

To the Editors of London

1840

Oct. 5 and 6.*

NAPANEE EXPRESS STEAM PRINT.

LENNOX
Agricultural Society.

OFFICERS FOR 1886.

President:
S. K. MILLER.

First Vice-President:
H. VANKOUGHNET.

Second Vice-President:
J. C. CARSCALLEN.

Superintendent:
W. N. DOLLER.

Secretary:
J. A. REID, V. S.

Treasurer:
WM. MILLER.

Directors:
W. T. GIBBARD, Napanee. C. B. HUFFMAN, S. Fredb'gh
R. N. POTTER, " J. B. ALLISON, "
A. DUNBAR, N. Fredericksb'gh R. N. SWITZER, Ernesttown.
J. B. BLANCHARD, " B. BRISCO, "
M. BOGART, Richmond.

The Superintendent will be in attendance on Monday, October 4th, from 10 a.m. to 6 p.m., to show parties where to place Agricultural Implements or other goods on the grounds.

\$1,400 in Premiums

will be offered, open to all Exhibitors in the Province of Ontario.

The Officers and Directors of the Society are making every exertion to make this the most successful exhibition ever held by the Society, and respectfully extend an invitation to all the Agriculturists, Manufacturers and Residents of the County of Lennox, and adjoining counties, to assist them in their exhibition.

RULES AND REGULATIONS.

1. No one but a member of the Society will be entitled to exhibit.
2. Members who have paid one dollar on or before October 5th shall be entitled to exhibit; two dollars will be charged October 6th.
3. Member's Blank Entry Forms can be obtained from the Secretary, and must be returned before 5 o'clock p.m. on the 5th of October.
4. No articles or stock exhibited will be allowed to be removed from the grounds until 4 p.m., October 6th, under the penalty of losing the premium.
5. All articles or stock exhibited in competition for a prize must be the bona fide property of the person exhibiting the same, and only to be shown in the class in which they are entered.
6. Agricultural and horticultural products must be the growth of 1886, and grown by the exhibitor.
7. No person will be allowed to interfere with the Judges in the discharge of their duties. Exhibitors so interfering will forfeit their rights to any premiums to which they might otherwise be entitled.
8. All persons entering in or upon the grounds will be required to enter at regular gates appointed by the Society.
9. Competitors will only be allowed one prize on articles or stock exhibited in the same class. Class A, Section 4; Class 23, Section 22; Class 24, Section 36; Class 25, Section 13, excepted.
10. All articles intended for exhibition must be delivered at the Palace and grounds on or before 5 o'clock on the 5th,

and all stock must be upon the grounds by 9 o'clock on the morning of the 6th.

11. The Hall will be open to the public on the evening of the 5th. The Hall will be well illuminated and a sufficient number of caretakers appointed to look well after the goods on exhibition. Admission, 10 cents.

12. Admission to the grounds, 15 cents; horse and buggy, 25 cents; two horse carriage, 30 cents; every person in carriage or buggy besides owners, 15 cents. Each member will receive a ticket from the Director or Secretary on payment of \$1, member's fee, that will admit him during the Exhibition.

13. No person will be allowed to act as Judge in any Class in which he may be an exhibitor.

14. All manufactured goods, carriages, agricultural implements, etc., entered for exhibition must have been manufactured in the years 1885 and 1886.

15. Any exhibitor lodging a protest must make it in writing, and it must be delivered to the President or Secretary within three hours of the cause of protest. It must state plainly the cause of complaint or appeal.

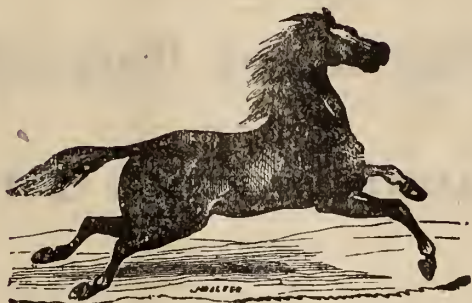

16. Necessary attendants on stock and machinery will be furnished with one special ticket, not transferable, on applying to the Secretary, and will bear the name of the person to whom it is issued, and if presented by any other person will be forfeited.

NOTE.--No article, or stock, will be awarded a premium unless considered worthy of such by the Judges. Judges are requested to number all prize tickets with the corresponding number of the articles awarded a prize. The prizes will be paid on and after the 25th of October.

J. A. REID, V. S.
Secretary.

S. K. MILLER,
President.

FIRST DAY,---TUESDAY, OCTOBER 5th.

Exhibition of Speed

IN THE HORSE RING.

With a view to affording visitors a better opportunity than is usually offered for inspecting horses brought for exhibition, and in order the better to enable those who may be desirous of using stallions or purchasing, to judge of the speed and style of the various animals, the Association offers a number of prizes, the contests for which will take place Tuesday, October 5th, at 2 p. m.

SEE LIST OF PRIZES ON NEXT PAGE.

RAILWAY AND STEAMBOAT ARRANGEMENTS.

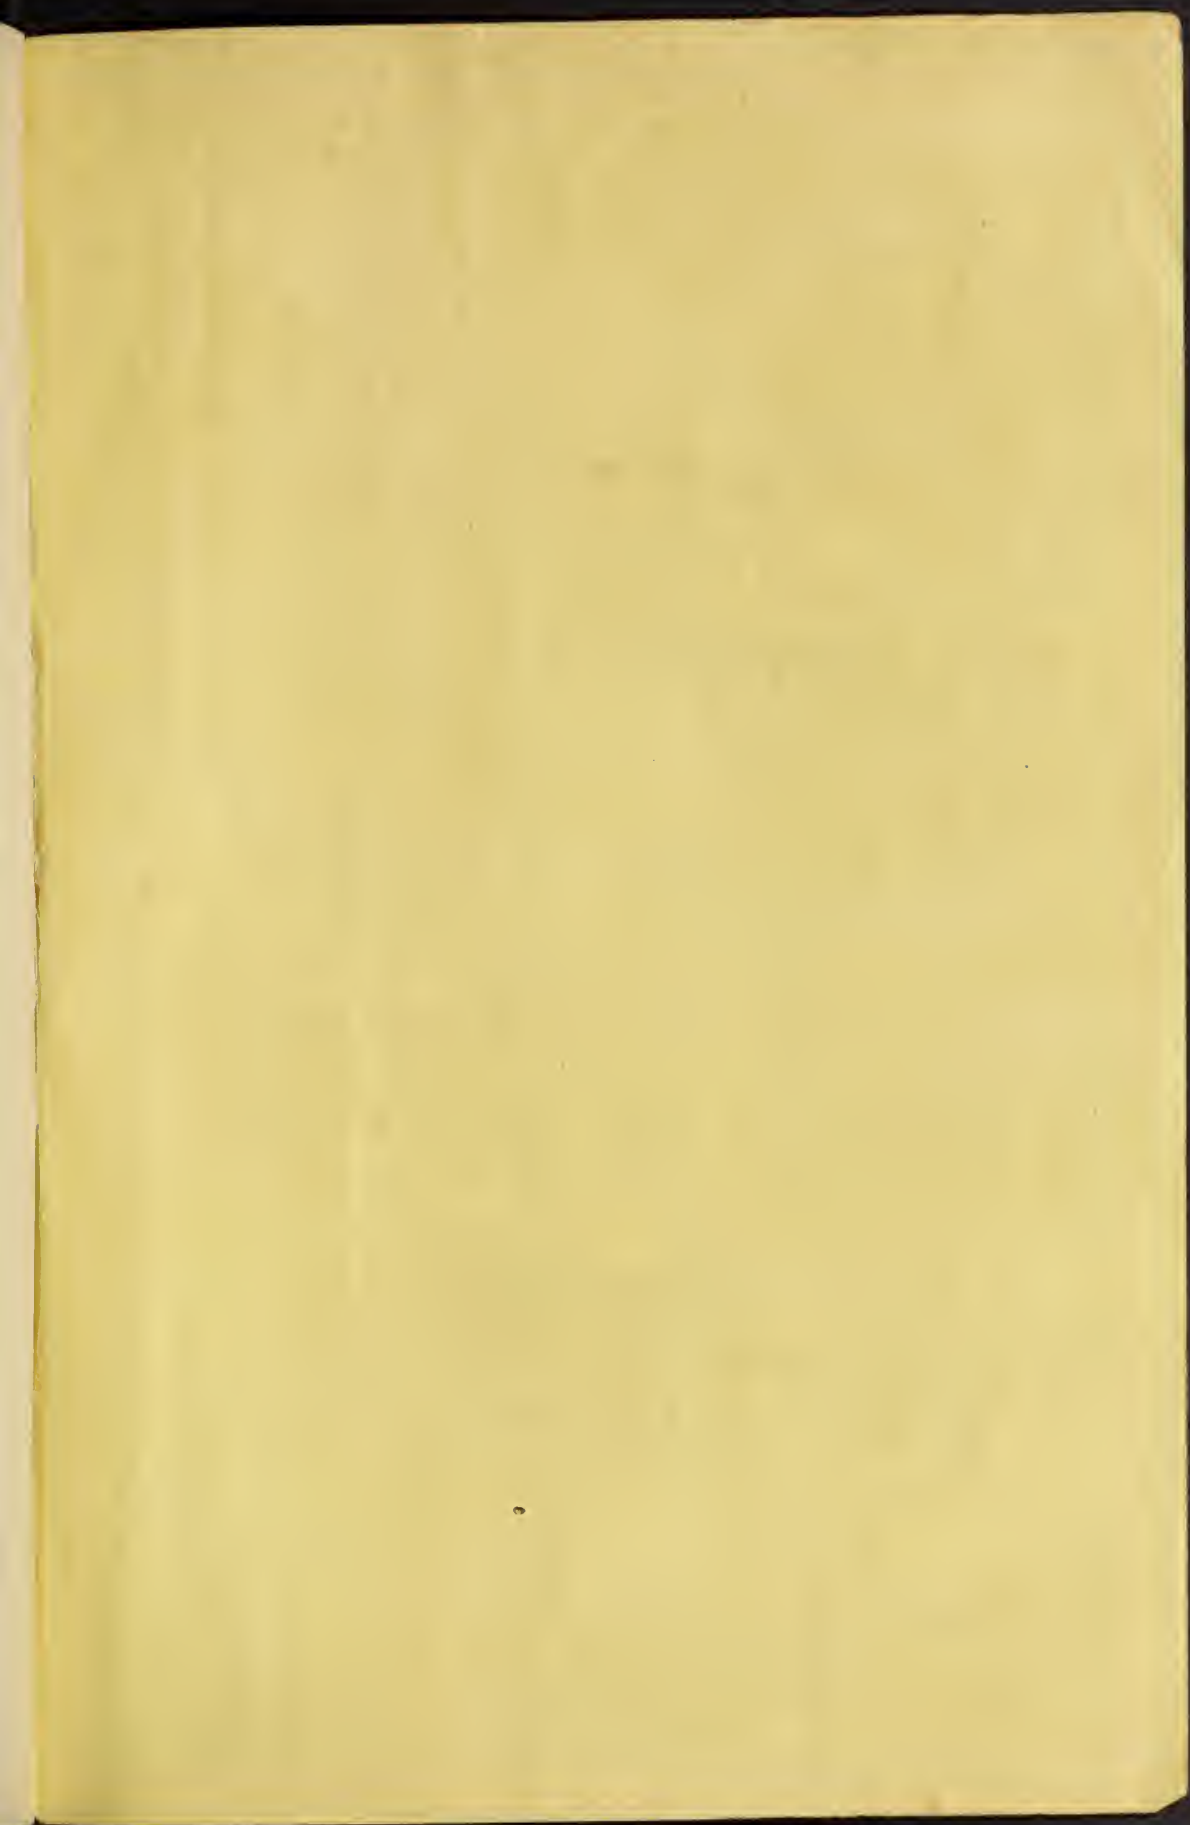

The Napanee, Tamworth & Quebec Railway Co. have kindly consented to carry passengers to Napanee and return for single fare, Tuesday and Wednesday, Oct. 5th and 6th. Tickets good for two days.

The G. T. R. Co. will issue return tickets at all stations between Belleville and Kingston, inclusive, to Napanee at fare and a third, Oct. 5 and 6, good to return until Oct. 7.

The steamer Reindeer will carry passengers Oct. 5 and 6 for one fare.

DINNER

Will be provided on the grounds for judges and visitors at a very reasonable price.

NOTICE !

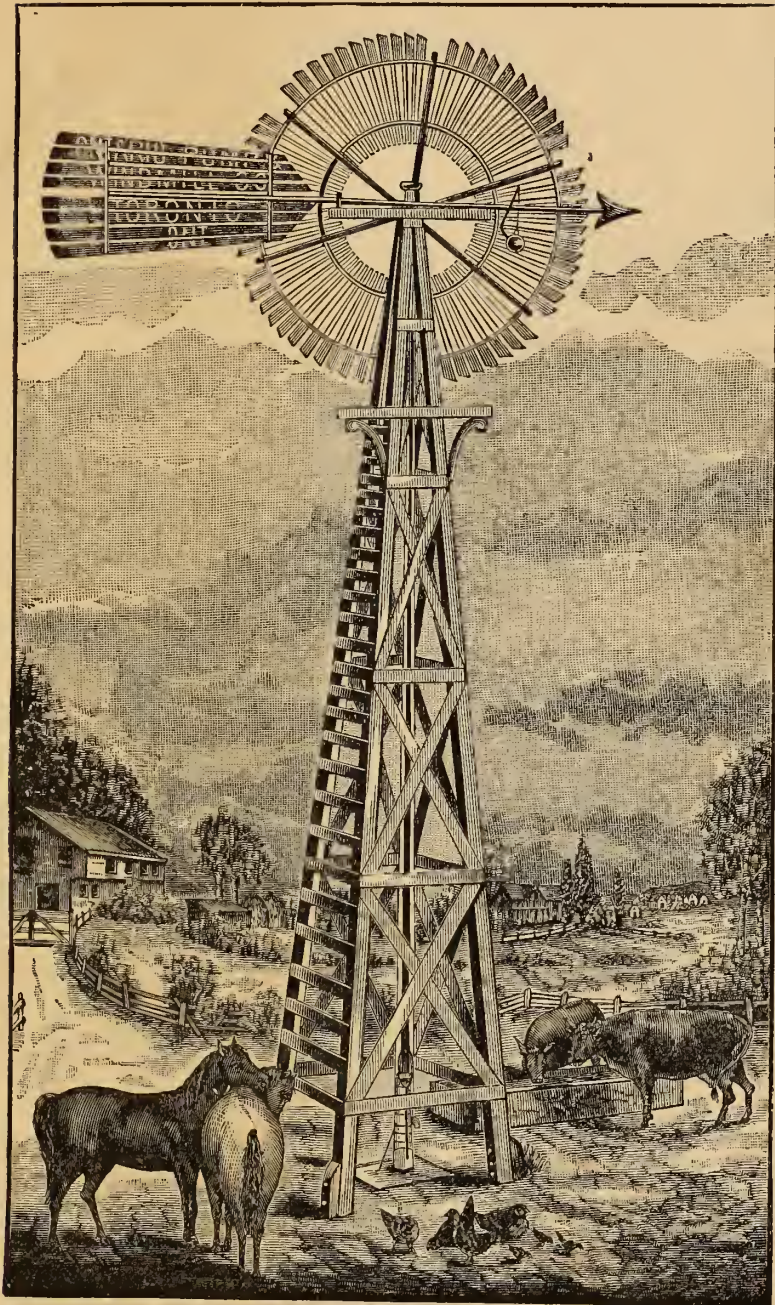

All articles intended for Exhibition in the Palace must be put in their place in the Palace on or before five o'clock on the 5th, and all stock must be upon the grounds by 9 o'clock on the morning of the 6th.

J. A. REID, V. S.,
Secretary.

N. B.—This rule will be strictly enforced.

ONTARIO PUMP CO.'S
STAR WINDMILL.

FOR SALE BY

AGENT.

ONTARIO PUMP CO.,

(Limited.)

MANUFACTURERS AND PATENTEES OF

Windmills and Pumps.

OFFICE : 1 Victoria Street, near Post Office.

FACTORY : cor. Spadina Avenue and Cecil Street,

TORONTO.

THE CHEAPEST WINDMILL

ON THE MARKET,

WHEN POWER, WORKMANSHIP AND MATERIAL USED ARE CONSIDERED.

ALL WE ASK IS A FAIR INVESTIGATION !

We are willing to put our Mill upon its Merits.

WANTED.

A Responsible and Reliable Man to Handle these
Goods in every Town.

OUR STAR WINDMILL.

This mill has now been thoroughly tested, and proven to be a complete success. A large number were erected last summer in different parts of Ontario, and without an exception have given entire satisfaction.

This Windmill has the following points of excellence:—It is *Self-governing*, and therefore suffers no damage from high winds or blizzards; it is *Simple in Construction*, therefore not liable to get out of order; it has *Fewer Friction Points*, there being only three, than any other mill, therefore runs easier and has greater power than any wheel of same size; *it is not affected by sleet or snow*, therefore runs as well in winter as summer. It is neat in appearance, and an ornament to any residence.

With our ANTI-FREEZING FORCE PUMP water may be raised from any reasonable distance and forced to the top of the highest building, in which a tank may be placed, and water conducted to every room, to a fountain or lawn sprinkler, or a hose may be attached for washing buggies, windows, etc.

The Star is a faithful servant, working night and day without fail, asking only a little breeze, and occasionally a little oil. We can refer with pride to those farmers and public institutions whom we have supplied in Ontario, and we are quite prepared to put up our mill, and guarantee it to work as represented, or take it down again at our own expense. We are anxious to introduce the Star Windmill in all parts of Canada and the North-West, knowing that it will soon become a universal favorite. We are, therefore, prepared to deal liberally with any ordering at once. Further information cheerfully furnished on application.

Geared Windmills.

We manufacture any size mill required. The 12-foot mill will operate farm machinery, such as Feed Grinders, Corn Shellers, Straw Cutters, Elevators, Circular Saws, Grindstones, Churns, etc.

For the purposes above stated wind power is now extensively used, and the demand is increasing every year.

Nine-tenths of the stock farmers of the country can grind their own meal and feed, saw their wood, and run other machinery by this power, and make it pay them well. The first cost is light, the expense of running comparatively nothing, and there is no danger from explosion or fire, as in the case of steam.

The Windmill is very easily managed and very durable, and the work may be done on rainy days or at other times when outdoor work is suspended.

The Industrial Exhibition Association of Toronto award our Star Windmill the Diploma as against all competitors at their last Exhibition, 1882.

Will it Pay to Buy a Windmill?

With many of our Canadian farmers this would be the first question to be answered. With our American cousins, especially in the Western States, you might as well ask them does it pay to have a mower, reaper, or a horse rake, as to ask the above question. This question with them has for some years been answered in the affirmative, and every farmer considers his Windmill as essential as his mower or reaper. The reasons for coming to this conclusion are many. From the many we quote the following:

Steam is too expensive, requiring a continued outlay for fuel and attendance. An hydraulic ram must have a stream with a good fall, and a large amount of water to waste as well as use. If either of these requisites are lacking its use is out of the question. The pump by hand entails a large amount of labor and constant attention several times a day.

A spring of water is not always located on that part of the farm most accessible and convenient to yards and stock, and always has more or less waste land about it when used for stock purposes, and commonly forms a stagnant pond, in which in warm weather the cattle stand for hours, wasting their time, befouling the water and rendering it wholly unfit for them to drink, producing disease in the stock and those using the milk, butter, etc. By experiment it has been demonstrated that stock having free access to pure water are kept at less expense and improve much faster than those limited to surface ponds or streams impregnated with decaying vegetable matter, or when driven to springs at stated times.

The advantages of a constant supply of water for stock are obvious and much might be said as to time saved in feeding and caring for stock. And time saved is money made to the farmer in busy seasons not to speak of the absolute comfort of the farmer in extreme warm or cold weather, when sitting in the shade or by the fire, quietly watching his mill as it patiently performs its duty, unmoved by heat or cold, doing the work of the farmer, thus saving his energies for a wider field of usefulness, and adding years to his life.

WARRANTY ON EVERY MILL SENT OUT BY THE ONTARIO PUMP CO. (Limited.)

We warrant this Mill to be a good, durable, self-regulating Windmill; well-made of good material; to do good work in all kinds of winds; to be as reliable in storms and to have as much, if not more power than any other Mill made; and agree to furnish, free of charge, any part or parts necessary to make good any defect in workmanship or material used, for the term of one year from the date of sale.

ONTARIO PUMP CO. (Limited.)

A GOOD WINDMILL

SAVES MORE LABOR

Than any other Implement or Machine used on the Farm.

It is constantly doing its work, while reapers, mowers, plows, etc., are in use a few weeks, and then laid aside for another season. The cost of a windmill is but about half the price of a reaper, and it is used all the year, while the reaper is used but one month in twelve. Another very important feature is in providing water for stock at such times as they require it. This can be done by making a tank which the mill can fill for occasional calms.

We make several sizes of Mills. Our smallest size Mill, with large reservoirs, will supply 500 head of cattle during the entire year. By making a tank sixteen feet long, five feet wide and twenty inches deep, you have a reservoir holding thirty-one barrels, which will supply water through occasional calms. By covering the sides and top six inches deep with some frost-breaking substance, you will have no trouble from frost or breaking ice. A good strap-hinged lid should be used at one end, where the cattle are to drink, and this shut down at night.

HEALTH OF THE ANIMALS.

The waste of time and the hard work are by no means all the objections to hand pumping. Every intelligent farmer knows that neither the boys nor the hired help are always reliable, and the old gentleman himself is sometimes tired, or is absent from home in the evening; the stock are neglected until next day, when the cattle, almost famished, fill themselves so full of cold water on a winter's morning, that they stand and shiver for hours, to their great injury; and if water is any considerable distance from the yard in brooks or springs, in severe weather they will not go for it until very thirsty, when the results are the same. Every stock raiser also knows that cattle are more or less uneasy and become unruly when not well supplied with water, and are continually breaking through enclosures, damaging crops, and straying from home in pursuit of it.

There are hundreds of large, well-watered stock farms in the country, which the owners value fully one thousand dollars more than if they were not thus provided with water. It is high time that the farmers should be made aware of the fact that all the high and dry land, by the use of this cheap and simple device, can be made good stock farms, and really more valuable than those possessing natural advantages for water, for there is no waste land, and the water can be provided directly at the points desired in farmyards and pastures.

The dictates of wisdom, the great convenience, happiness and comfort of all concerned, your highest pecuniary interest, the health of your stock, and true benevolence, should move you to adopt this most valuable invention.

How do you get Water for your Residence ?

Take it in the outskirts of Cities, in Towns, Villages or Country, and we aim to get our residences on high, dry ground. This is desirable on account of health, and the view it will give us of surrounding country. We are near the markets, railroads, etc., and have all the conveniences incident to a modern built residence, except the water. On account of the elevation parties have to dig from 20 to 100 feet and over, and in a season that is not a wet one, their lawns and yards, laid out with care, are baked down from the first of June to the middle of September, and are hot, dusty, and disagreeable. All this can be done away with. One Windmill, with sufficient tankage, will supply one or more families with water for fountains, aquariums, bath-rooms, carriage houses, etc., and they can know whether the water is pure or not, as it is pumped from their own well or spring. This is being done, and the day is not far distant when a Windmill will be as indispensable to a farmer as a mower, and to the residents of Towns and Villages it is the only way to get water plentifully, cheaply and safely. It is very desirable for hotels, as it runs without noise, and is no unsightly machine, but can be painted to match the surrounding buildings, and the tower made as nice as a person wishes.

Always locate the mill directly over the well or source of supply, if there is no serious objection to it. If, however, it is impracticable to do this, it may be placed any distance away, and where the elevation from low water mark to the location selected does not exceed 25 feet, the pump may be placed in a frost proof pit underneath the tower, and worked direct same as if in the well with the mill directly over it.

For the most effective work, place the pump within a few feet of low water mark, as it will not suck water successfully more than 25 to 28 feet under the most favorable circumstances, and it is always desirable to reduce this distance when possible to do so.

In case the elevation is more than 25 feet from low water mark to where the mill is located, the pump can be put in the well and worked by levers or triangles and wires, etc., but a direct attachment is always preferred.

Provide for occasional calms by erecting a tank having the capacity of two to four days' demand, according to location.

Parties Desiring to Purchase Windmills are Requested to State :

- I.—The depth of well below platform.
- II.—The least depth of water in it.
- III.—The height above the platform of the well to where you wish the water discharged.
- IV.—The lateral or side distance (if any) from the supply to the place where the water is to be discharged.
- V.—The amount or quantity of water wanted, or at least the purpose for which it is to be used ; also the quantity of water afforded by the source of supply.

VI.—The height at which the Mill must be erected to secure a free current of air: with all other particulars you can think of. It is important, and should be observed, that a Windmill deriving its force and power from the wind should have as great an elevation as possible, within reasonable limits, so as to obtain a steady motion and the full benefit of light winds.

VII.—In case of a bored well, give the diameter.

PUMPS.

The Cut shown is only one of the many styles of Pumps we manufacture. We keep a large stock of both

Iron & Wood Pumps,

With the latest improvements and of the best material.

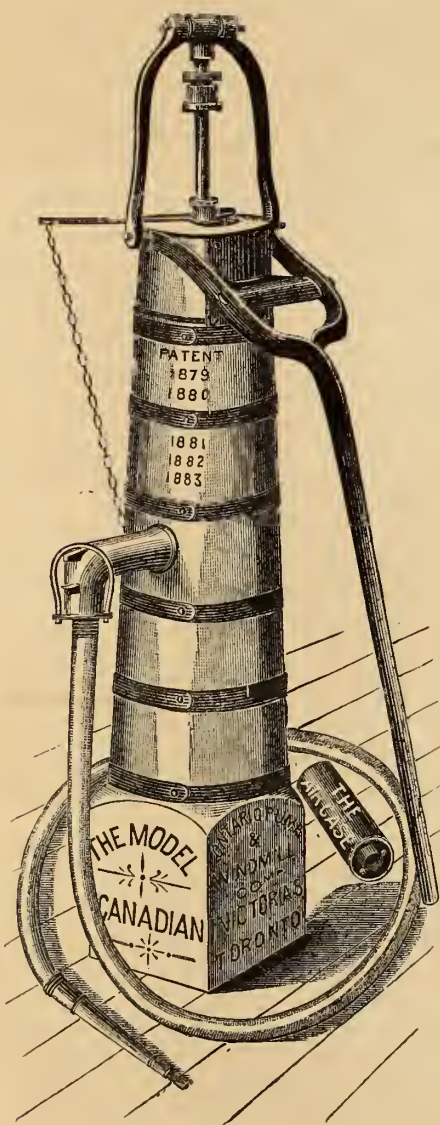

Our Pumps were exhibited at eleven Fairs last fall, including Provincial at Kingston, Industrial at Toronto, and took First Prize in every instance.

They cannot be equalled for ease of working, durability, finish and ability to accomplish what is required of a Pump.

AGENTS WANTED in every county where we are not represented.

Further information cheerfully furnished on application.

For fuller information as to Pumps send for Circulars, with testimonials, etc.

FORCE PUMPS.

On page 7 is a Cut of our "Model Canadian Force and Lift Pump," newly patented in Canada and the United States. This Pump is confidently recommended as the best combined Lift and Force Pump yet invented; it has no superior, and we believe no equal for either purposes. It is fitted out with our Patent Ascending, Non-Wearing, Unfreezable Packing Box, also the newly Patented Air Chamber. This Air Chamber is on the inside of the Pump consequently cannot freeze up, and the pressure being the same on its surface inside and out it is impossible for it to burst or give way.

It is adapted to all the uses to which an ordinary Pump can be applied, and in addition being always ready as a Fire Engine, in which capacity it has saved many valuable properties; the hose can be readily attached and a stream thrown inside of one minute. It will also be found indispensable, when once used, for Watering Gardens, Boulevards, Dusty Streets, Washing Windows, Buggies, etc., Setting Tires, and for many other purposes.

There are four Patents, for which we have paid large sums of money, combined in this Pump, covering the latest and best improvements yet devised in Pumps. We have neither spared money nor time to make this the best, and we confidently assert we have succeeded. We will give a written *guarantee* with this Pump that it "will throw water fifty feet after it leaves the nozzle," and it will throw it considerably further. If you want a first-class Pump give ours a trial, and if it is not what we represent it to be we will make it such or refund you your money.

DEEP WELLS.

We make a specialty of Deep Wells, as we are of opinion that we have the best combination for effectively working them that is before the public. We use an Iron Cylinder and Iron Tubing always for deep wells, as wood will not stand any length of time the extra strength required of a Pump in a deep well. Wood tubing in a deep well, although cheaper in the beginning, will prove expensive in the ending, as well as constantly annoying by being constantly out of order.

It is our aim to furnish a first-class Pump at as low a price as will ensure good workmanship in all its details; and, as we are established in the business, we are prepared to guarantee satisfaction in every instance. Should you have a very deep well that has heretofore baffled all your efforts to make work easily and effectively, we are prepared to supply Pumps that will do their work satisfactorily.

If answer be desired, a three cent stamp must be enclosed.

Medical Superintendent's Office,

Orillia, 5th May 1873.

Dear Sir

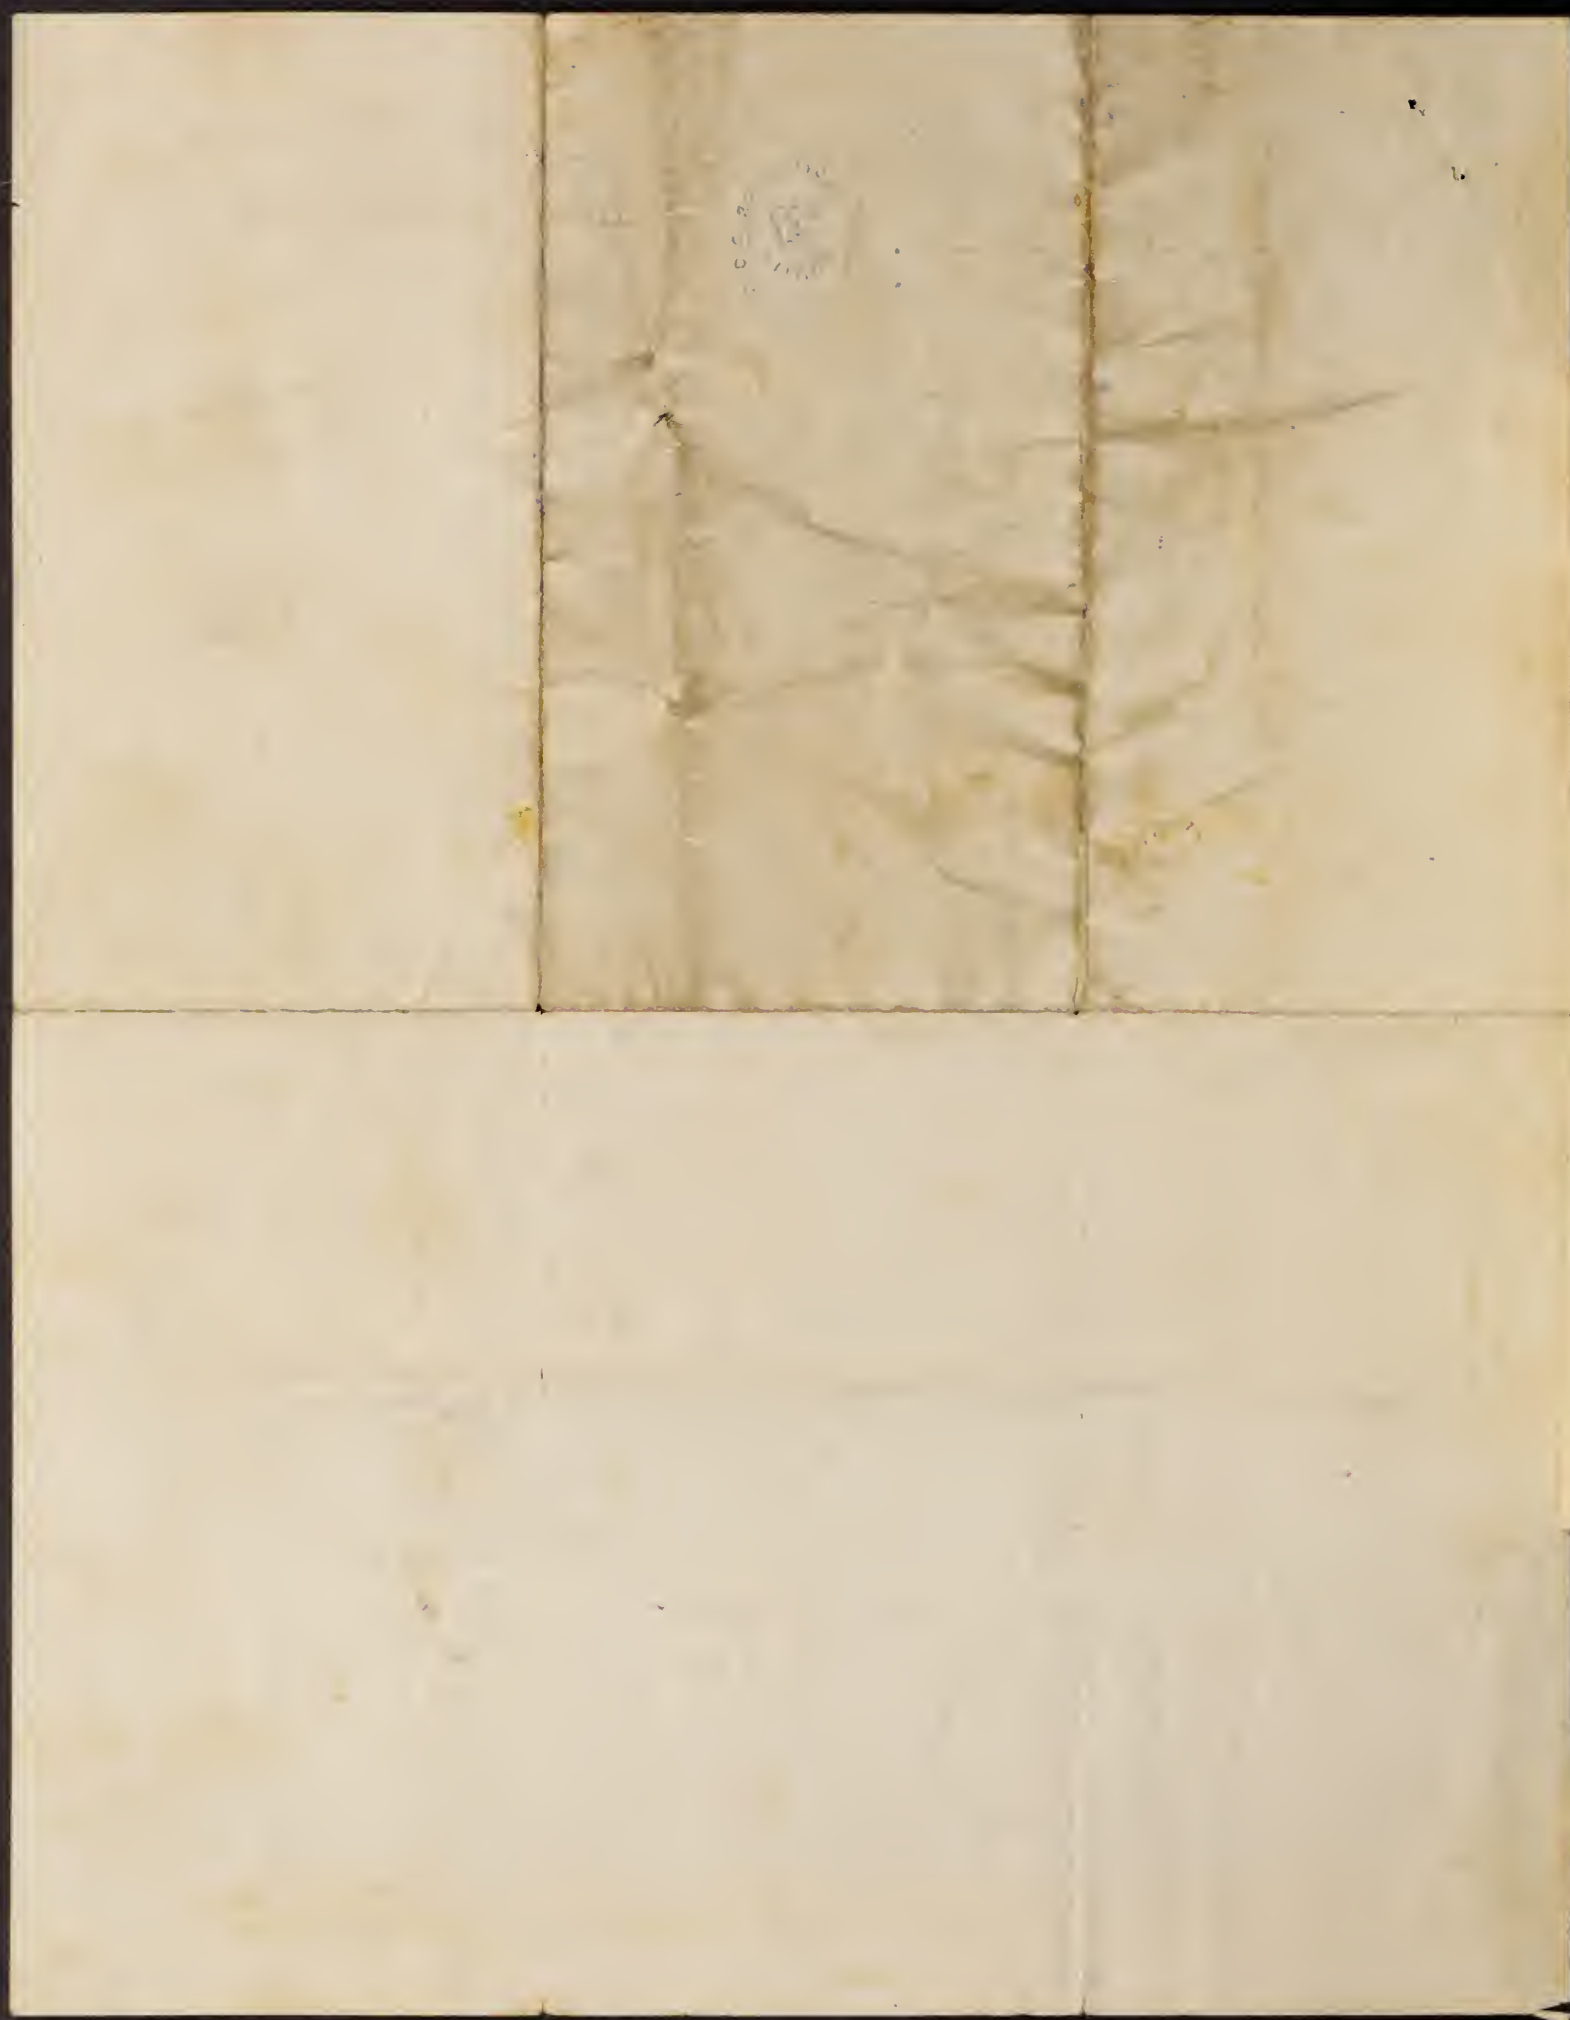

I beg to inform you
that the papers in the case of your
little son have come to hand, but
that I regret I cannot admit
him at present, as we are
full and a large number of
applications in prospect.

Yours truly

W. H. Benton

Medical Superintendent

My dear George Carrie has
just written me of her
engagement to you. I
think it is a cause for
mutual congratulations
and I feel sure that
the result cannot be
other than happy.

Allow me to wish you
all happiness in your
new life.

That she has always been
a kind sympathetic
and loving sister is the best
warrant of what she will be
as a wife. Truly yours Edward Brewster

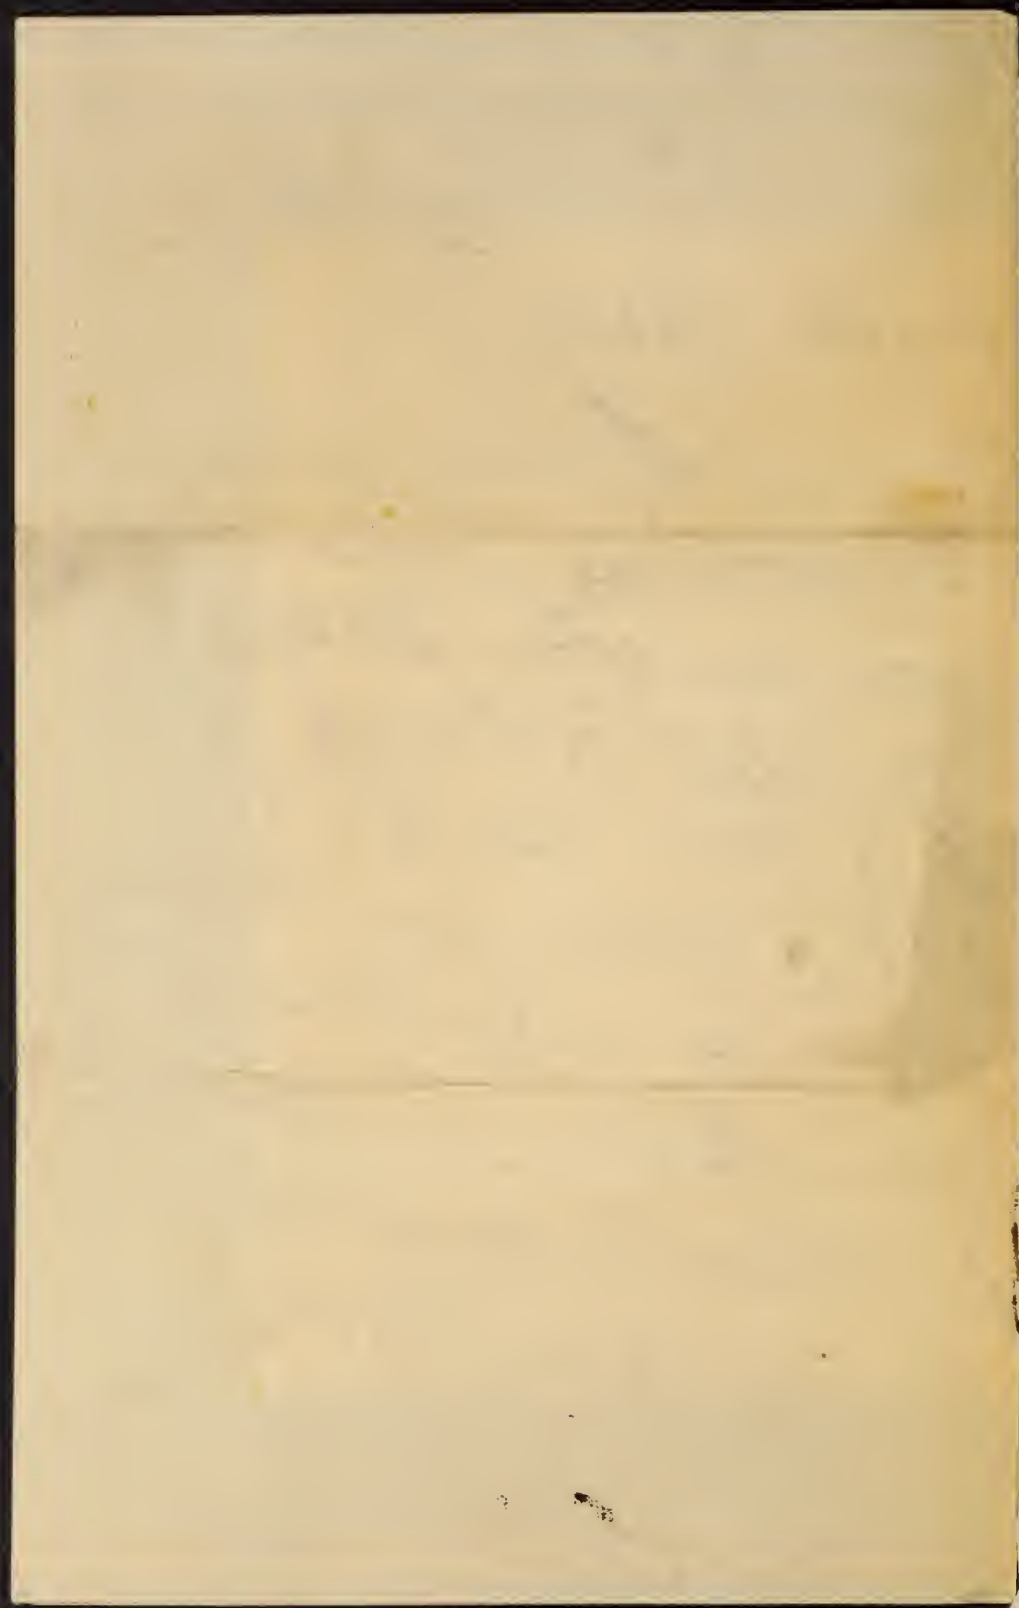

Hamilton

29 Aug 84

My dear George.

I wired you
this morning congratulating
you on your success.
On behalf of Mrs B &
Self allow me to do so
again with your many
years of usefulness to
your Province & country.
With kindest regards to your
family & yourself I am
Yours very faithfully
R. B. Bristol

tell you how glad I am my
favourite sister has made so
good a choice.

You have got a
better girl than you know
George. I never had anything
against Carrie but the one
thing "that she was my sister"
because if she had been
another fellow's I would have
endeavored to capture her
for myself, but I must say
no more of her. Except that I
wish you both the choicest

Hamilton

22 May 1884

My dear George

A few days ago I
received word from Carrie
that she and you were
proposing to form a
partnership to journey thro'
this vale of tears. Absence
from home prevented me
writing to you before and
I seize the earliest opportunity
to congratulate you and

Blessings Heaven has in store for us poor mortals.
Health wealth & prosperity.

I expect to be married
myself on the 10th of June to Miss White of Colburn
Carrie has no doubt told you and by the time
yours comes off will be able to give you a few
hints on the married life question.

With kindest
Regards to Aunt Mary your sisters & yourself

Believe me

Yours faithfully
M. E. Swift

Dear Sir

We should be pleased
to have your patronage for
the Session of 1880 -

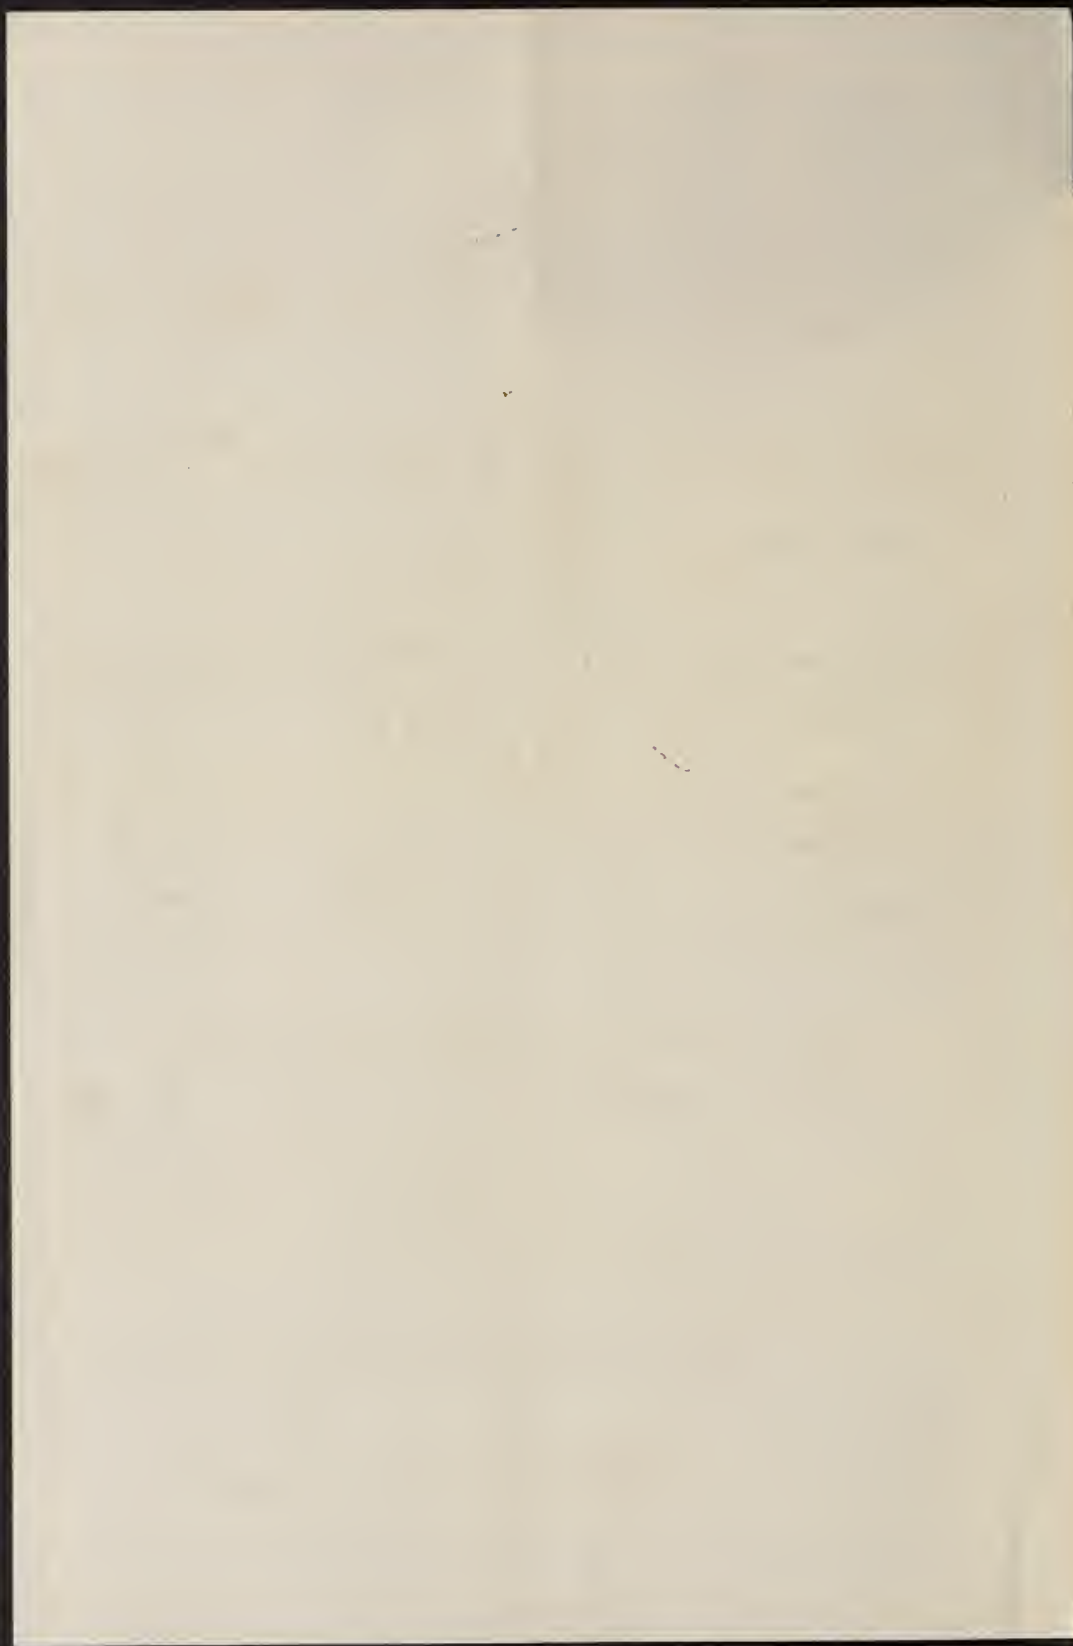

Our special rates for members
are \$10.50 \$12.00 and \$14.00 per week
according to rooms: fire & tax:
on

\$2.00 per day actual time
here. No special room reserved.

Shall be pleased to hear
from you

Very Respectfully Yours

Mark H. Irish

and that I shall be
glad to find that you
are returned at the
head of the poll, and
Mr. Nowat placed in
power again, notwith-
standing my strong
feelings on the question
of the Bible driven
from the schools; and
if in any conversation
on this subject I have
expressed my deep
regret at the course
taken by the Minister
of Education. I.

I have never made it appear
that I wished on that account
to see the present Ontario
Government turned out of
Office. Sincerely Yours
John A. Drake

Bath,

Dec. 24. 1887

Dear Mr. Hawley,

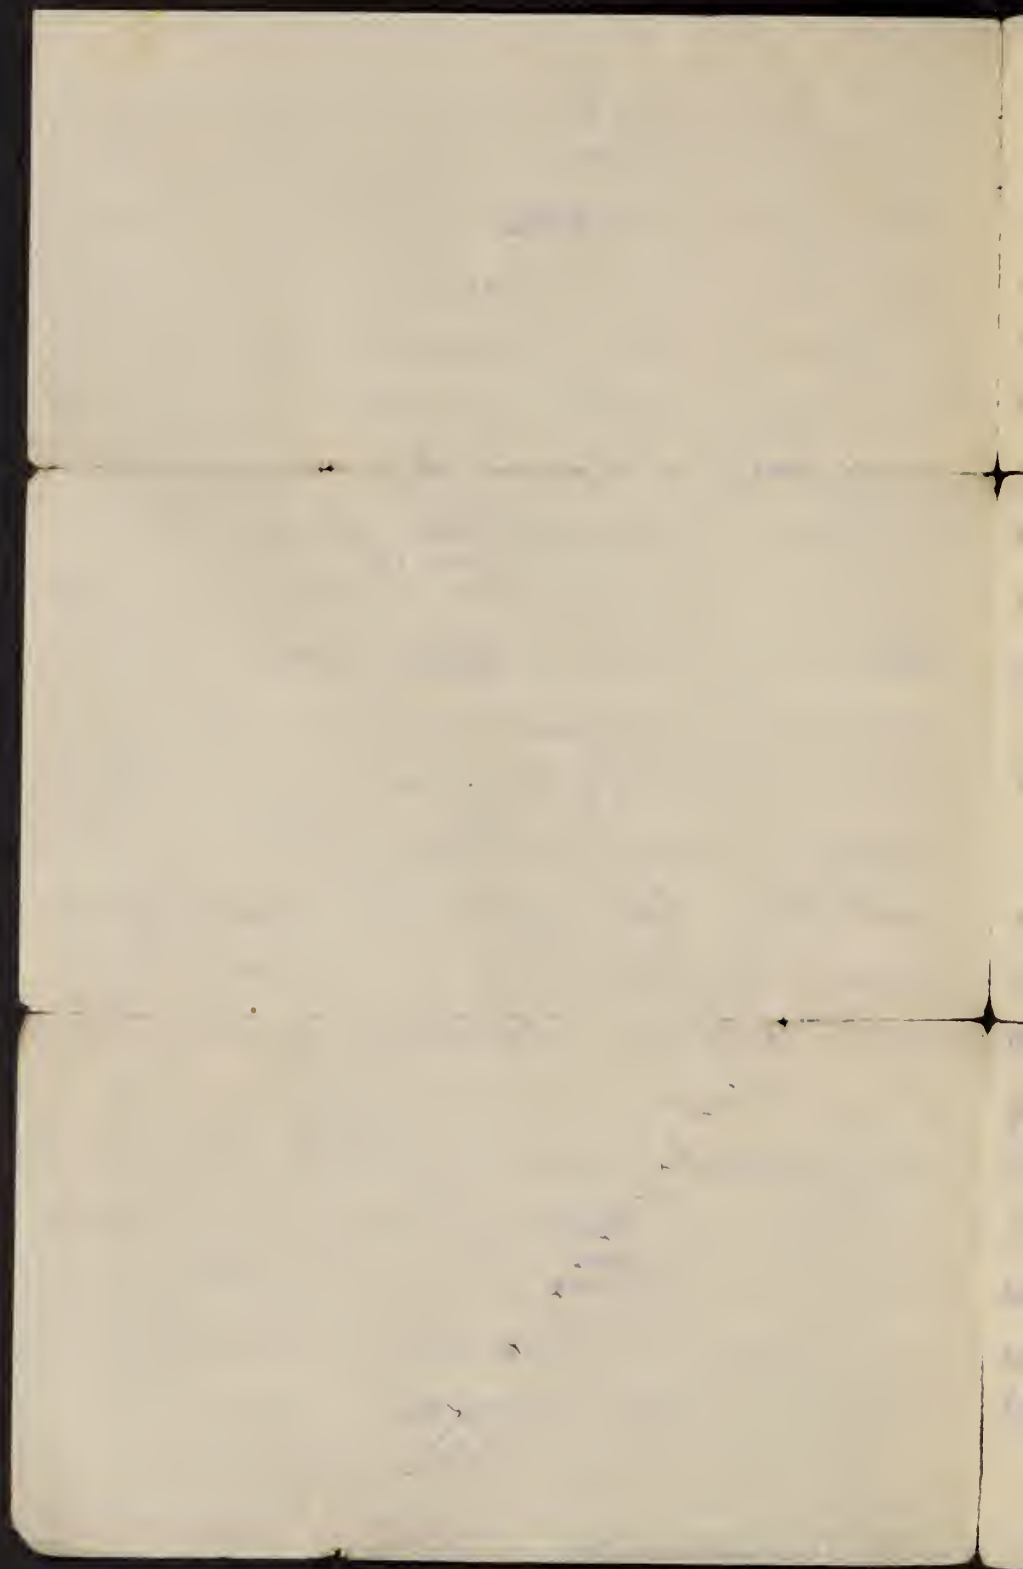

I have had reason,
within a day or two,
for believing that you
suspect that I use
my influence against
you in the present
campaign for members
of Parliament. I
wish to say to you that
your suspicion is
without foundation

Malheur, Sept 2-1892

Old French Bay

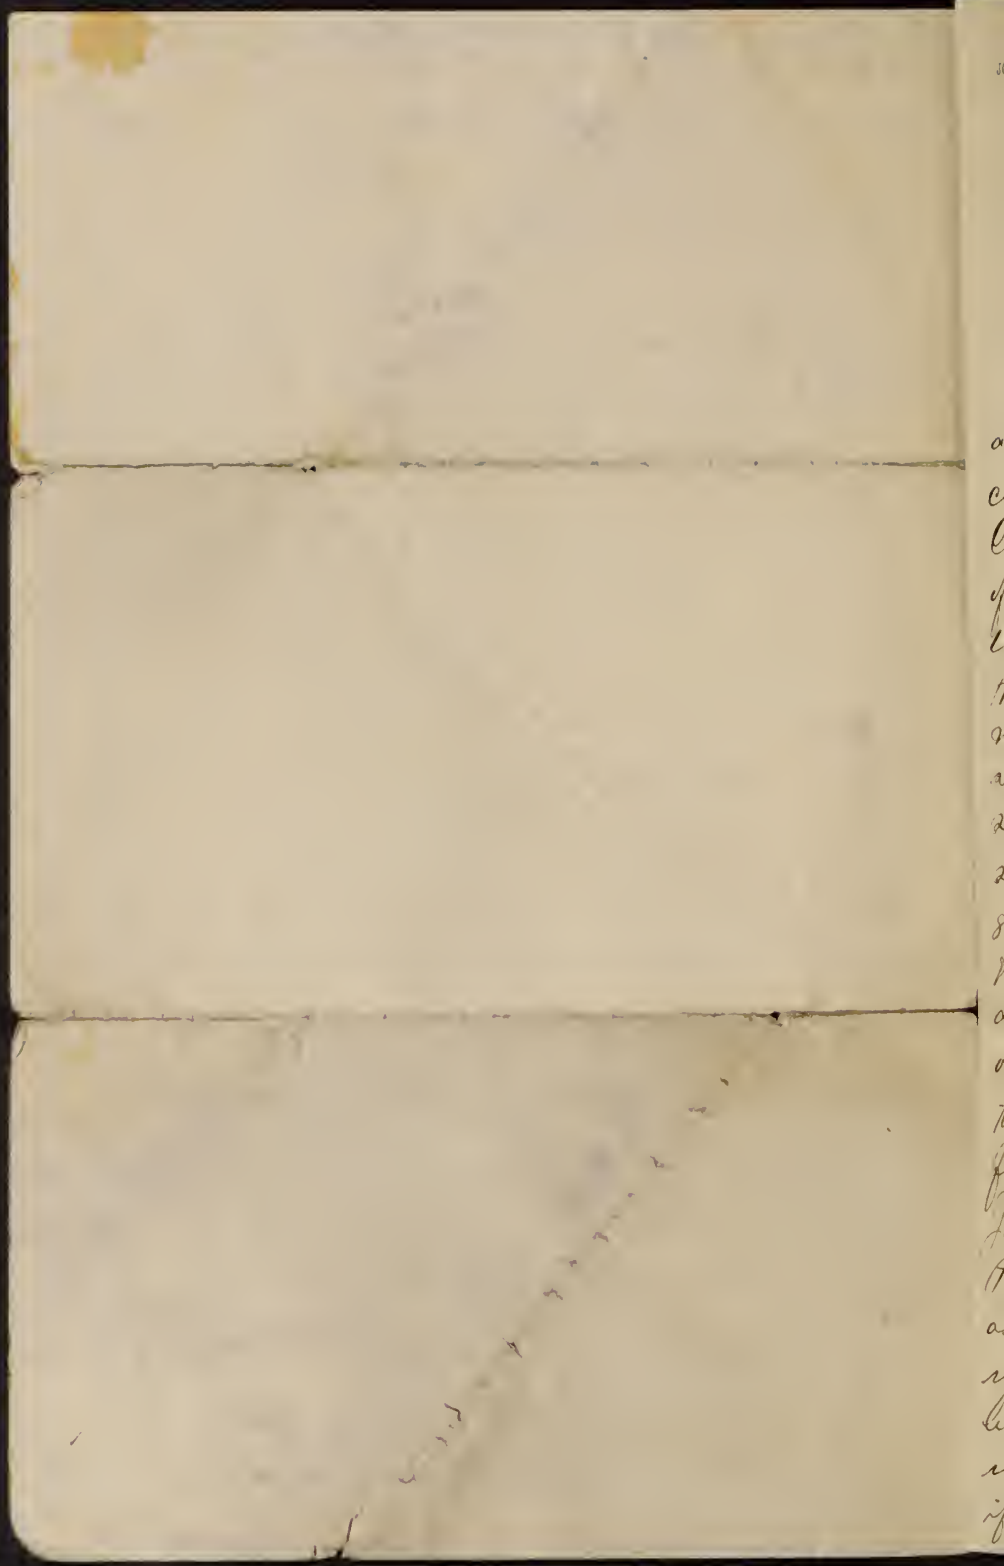

Dear

I have recently received
the description of the fish of the
last evening & copy of the description
to which the number of specimens
is given. The 11 specimens in which
most of the fish of the day of specimens
are described are about 10 in
length by 10 in width and all are
about the same size and color
as the 11 specimens of the day of
specimens. The Malheur fish
from I thought the same as the
11 specimens and are on the same
wholly black. The fish of the
day of specimens are 10 in
length by 10 in width and all are
about the same size and color

get that line in your right
place in memory and to get around
it the line to avoid all large groups
and fast friends over the line of
the line of the line of the line of the line
and the line of the line of the line of the line

My dear Mother
I have been thinking much lately of you
and how I shall ever get home again.
I am so far from you now, and I feel
as if I were never to see you more.
I wish I could go home now,
but I cannot. I must stay here
until I can get my money together.
I will write you often, and hope
to hear from you soon.

JOHN ENGLISH,
SOLICITOR, &c.

Napanee, July 20th 1882

Geo. L. Hawley Esq

Dear Sir

Mr. W. L. Hawley some time

ago called upon in respect to a claim his Mother has for Lower in Lots Nos 3 and 4 in the second Concession of Brimston. He says that his father Wm C. Hawley sold a portion of each of these lots and that his mother did not join in the Conveyance. He also states that Mr. Joseph Hawley at a time subsequent to the sale by his father sold these same lands and gave covenants as to title and quiet enjoyment. That should our action be entered against the present occupants they will compell him to make the title good. I understand from a gentleman in Town that Joseph Hawley is your father and that you transact most of his business as he is quite aged. I wish you would inform me on this matter and let me know if you are in any way interested in this place and if so cannot it be settled without

for 24-again. I think Mamma is
better her leg is almost healed.

Every Little Boy is worth his weight in gold.
 He is every day his salt and his worth,
 more than his back and his front, his
 contentment is a more comfortable
 than his many pains and sorrows after
 all. His strength is his best friend,
 all though it is his strength,
 to contentment. He is the best friend for
 the world of his love and his worth,
 for with his strength and his worth,
 he is the best friend for the world.

promised her then to
go up to Hamilton on
week from the following
Saturday, but then
day before, I got an
letter from her
saying the letter
who has been south
all winter for her
health had died
suddenly so of course
that purpose was
ruined & I then decided
not to go West until
Easter when I am

the other day saying they were
going to move to 'Wey's' to live. Uncle
Haley couldn't stand the cold winter
here any longer. They soon went
on and left in this part of
the country. - Hope you succeeded
in having your meeting. I am a
good 'fellow' - I am living in a very
conservative atmosphere at present
but it won't have any effect on
me. - Hope you will be able to make

This out - I have been writing in such
a hurry it looks more illegible than
usual even to me your very truly
Carrie

Between Tuesday if anything
prevents. They & I expect
arrive, just as they
were going to put
any other letter in
what is on the table
of the envelope that
had arrived in the
last. They are just
the same as the
others & so beautiful
they all think they
looked. I have come
to the conclusion
the local papers are
not up to much here

Belleville
Sept 27th

My dear Sir,

I have been
collecting on account
of my letter but with
feeling sure that I have
succeeded in finding
the paper for which
I am looking. I have
seen you have all
the same but are
writing to both
you. I have been

4 I saw by the paper Maria in the States
4 once in the other paper they have
published a paragraph about [J.D. Stanley
M.M.] for having going to be married
to a young lady in Naperville but
not right. They called it all in
the [other] paper. They said the election
was contested but it would not prevent
"every getting married at the same
time" even in Naperville too. I suppose
was. I don't know. I don't know
about the [other] paper. I have been saying
ever since over it. I have a letter from
Mary today & she said that her
brother had been about it. I don't
think he is in Naperville any more. I
don't know how of bringing it today
in the next issue of the day. I have
received paying calls but with have
to postpone them in order. I want
to finish my journey. Mary left last

Wednesday to Friday Mr. C. Smith at -
Montreal after which they went
to Winnipeg. Coming down from
the station after being here 7 1/2. They
were seen of a line of 17 carriers
which I suppose was to reach for
the night but they were in the
middle of the night both of them
went off at the same time. The
horses came for a little way but
were not so fortunate (Carter's horse)

was up on the boy with the breast
got them stopped before anything serious
happened if it hadnt been for this
been a fine scene of us little boys been
in pairs that the second accident -
now every thing - came up - All join
in in love to all - Hope Aunt Mary
Allen is all right again - He has
again - Apply as you wish - Have
been writing in a great hurry to get
it in before this - I hope you will
be able to read it - Truly
yours

Friday evening

Dear George

I was very glad to
get your letter on Monday, as
I had not seen your arrival in
the papers, & therefore, I did not
last Saturday that we had not
seen you in the house, I felt afraid
that either you or somebody at
home must be sick, but your
letter of Monday quite relieved
me. I had a letter from Maria
this morning & she says all
are well & that John & Michael
will be down tomorrow if not too
cold. We have had sleighing
here for the last week but barely
enough for a sleigh to run. &
I see the Bath Stages are on

Shells so I don't think there
can be any sleighing in the
Country. I was sorry you were
not able to come down before
you went to Toronto, but I must
come after you get back. I am
sorry I will not be able to go
to Toronto this winter, I will
have to use my money to pay
for some winter clothes, so am
afraid I will not pay you a visit
this winter. Have you seen any
of the Matthews since you
went up? I see by the Mail
that the Ball at Government
House was a great affair. I
suppose you will have lots of
dinner parties during session.
Kingston has been quite gay
with parties in the last two
weeks. B. Battery Ball is next
Wednesday Evening. I see Carrie

Gristol is here, but I have not
called on her yet. Willie goes
up to Toronto the end of the
month for a few days & then
he has to go to Hamilton in
February. I had a postal card
from Annie Green reminding
me that I had sub-written her
for three months & telling me
to be sure & come up then with
Willie & stay for a month. But
it is easier said than done
this time. Charlie, Lis, baby &
Marianne are coming down next
week for a visit. We will have
lively times when Gerby comes.
I see Mr. John Stevenson of
Hampden is dead. I hope you will
succeed in selecting a watch, it
is not a very enviable job. I will
always be glad to hear from you
All then from in love to you
your aff^l sister
Amanda

to abandon him now
Out of the 24000 inhabitants
of Lenoir & Addington 14000
are in Lenoir; now Kerche
has had the entire patronage
since he was member;
even in the matter of the
faulorelapp. I was compelled
to yield to him & an Addington
man was appointed besides
every year large sums of the
public money was granted to
Colonization Roads in his riding
~~every year~~ whereas Lenoir
never received a cent
Another thing is I am disappointed
no relative or connection of his
would be acceptable to the
Party generally because they
have not rendered any services
at all equal to Mr Gibson
I think I know pretty nearly

Private & Confidential

Bath

Oct. 24th / 4

My dear Mr. Mowat;
I regret that
in the matter of the Nystander
referred to in your letter of
the 29th I cannot consistently
view the matter in the way
you suggest. If Mr. Donohue
wishes to be appointed himself
I shall not object; but if
as I assume from your letter
he desires the office for some
relative or friend I cannot
consent. You are aware that
I have from the first favoured
Mr. Gibson's claims because I
deemed him a fit & proper person
& also in view of his great ser-
vices to the Reform Party.
I cannot see my way clear

who Mr Denoch will recommend but I
think I am entitled to have the name
of the person from the Government as
I have no doubt Mr Denoch knows
that I have recommended Mr Gibson
the Reformers of Leamington including Mr Gibson
& myself have worked very hard to
redeem the constituency & if the patronage
is to go to Mr Denoch there will be little
use for us to attempt to retain the riding
for the Government.

I repeat if Mr Denoch wants the position
himself I will not oppose his getting
it but if for any one else I must
adhere to my recommendation of Mr Gibson.

Yours Sincerely

Geo. F. Hawley

My Dear Hawley,

I have your letter this morning in reference to Mr Miller
P I S, I think I recollect you speaking to me upon the floor of
the House during the session about a survey for Mr Miller, when I
no doubt told you that you had better write me a letter, as that is
my invariable practice, but on searching I do not find that you
did so, and I had not Mr Miller's name upon the list when I made
distribution of the work. However, I think it only fair that I
should say to you frankly that I believe it would have been next to
impossible, if not impossible, for me to have given Mr M a town-
ship to survey this year, as I had only 12 or 13 townships to sur-
vey, and there were at least from 50 to 100 applicants, all press-
ing for work in the most determined and vigorous way. I ask you
to imagine the difficulty I was in under the circumstances, esp-
pecially as the applicants were all friends.

Mr Miller's letter of the 24th inst was received in my
absence, and was answered by the Department, which in addition to
what was said, should have stated that prior to its receipt the sur-
veys had all been assigned and distributed.

I regret that I cannot serve Mr Miller as desired, but
hope for better things next time.

Yours very truly,

Geo D Hawley Esq M P P

My dear Mr. Hawley

Your letter of the 14th
inst came duly to hand

The Potatoes also come through
nicely and are a very fine
sample You will please ac-
cept my thanks for your kind
remembrance They are a
variety that are not found
in this vicinity I am plan-
ting a few of the White Elephant
and a few of the White Star by
way of experiment

We are having the most
backward season I have
seen in Canada Farmers
are not through with their
seeding nor are all the gardens
made as yet

The informers in this Riding have not
intentionally if they can be convinced otherwise it
is all right with them But throw them
on their own resources and they are lost
not knowing how or what to do

By the by I almost forgot the flour. We
are just out I will ~~order~~ be ordering some
within a short time and will send you
a sample that you may try it and if it
agrees with your mother you can get
more. Thanking you again for
your kindness

I remain
Yours Respectfully
J. P. Patton

The elections surprised me not a little. I regretted much when I learned of the result in Addington - Grey - Lennox, West Middlesex, Muskoka Perth N. R. & Victoria. These constituencies were represented by a class of men who could not well be spared from the floor of the House. There were other reformers left out, who were it not for their voting capacity might as well be at home as elsewhere. I trust Mr. Nowat will learn wisdom from his experience, and will do something to strengthen his party in the Province before another election. We have petitioned against Mr. Gray in West York but I have but little hope of accomplishing his overthrow.

Toronto. Mar 29 1879

Dear Sir,

Prior to the prorogation of the Ontario Legislature, arrangements were made by such of the members, who have been supporters of the Government, as intend to be candidates in the approaching election, for printing certain pamphlets, speeches &c to be distributed in their interest in the several constituencies. These will include a Record of the Reform Government of Ontario: Speeches of Ministers: Canvass Books: Hints upon organization: Instructions to Canvassers. Agents &c &c.

To meet the expenditure thus incurred it was agreed that each candidate should contribute toward a Printing Fund the sum of fifty dollars, which contribution would entitle him to a proportionate share of everything printed in the interest of the Government Candidates, and which will be much more than he could otherwise secure for that amount.

This matter is now being prepared and will it is hoped be ready for distribution early in April. Kindly advise me by return mail if you desire to acquiesce in the above arrangement and if I shall forward you accordingly the pamphlets &c as soon as they are ready.

At the request of Hon Mr Mowat I send herewith

by express to your address at Napanee 30 Copies
of his speeches at Woodstock and Toronto

I have the honor to be
Your obedient servant

To George Hawley Esq M^r

Toronto

My Dear Sir I approach you upon a subject in behalf of a worthy person the son of a large & influential family namely Mr H. V. Melick of Niagara he is from one of the largest as well as oldest families in this part of Canada & for four generations have been as true to the Liberal party as the Magnetick Needle to the pole & there has never been as much as a Chagrinade among them - When the Country were divided the office of Crown Clerk was promised to Mr Melick he left his school for he was teaching at that time & convalesced for three weeks made 60 votes for the party & did not get the situation it was given to J B W. Guin who has held it ever since now I do not think Mr Melick ever cast more than one vote for our party in

[Faint handwritten notes, possibly bleed-through from the reverse side.]

his life and the sagge & action that he got
indication after I took his brother to the
jolls and said him Dr - for his day & now
he does all he can against our party,
that gave him his office - Now if it is
possible for you to accomplish it you
would please a large number of your
best supporters by throwing Mr. Quinn
over board the same as the Tories do with
some of our best officers & placing
Mr. Henry T. Fralick in the situation
for which he is well qualified
to fill and not only the Fralick
family will be satisfied but a large
number of them & your friends will
think you have done a righteous act
I could give you the names of one hun-
-dred good & substantial men that
would feel grateful for the change
& we feel satisfied that you will do
all in your power & believe me Dear
Sir that we are all your true friends &
well wishers truly yours J. T. Perry

D. H. PRESTON,
Barrister, Attorney, Solicitor,
NOTARY PUBLIC, &c.

Napanee, July 20 1880

Geo W Hawley Esq
Toronto

Confidential

Dear Sir,

Mr. W. A. Hagle Licensor Inspector
has just shown me a letter from Mr. H. S. Hardy
Provincial Secretary informing him that from
the 1st prox Mr. L. B. Sills of this place is to be
inspector in his place. The reason given
for the change is that Mr. Sills has, in Napanee
& Mr. Hagle in Ementhorpe while it is said
Napanee is the chief centre of the liquor traffic.
Now it is quite true that there is a large quantity
of liquor sold in Napanee but the law is
well observed notwithstanding & I do not know
one place in which liquor is sold without a
license. Last year when Mr. Charles Jones, a
leading temperance advocate was Mayor he
declared the law was so well observed he had
no occasion whatever to complain of it
or to have any person prosecuted and Mr.
Jones you will remember has had most of the
liquor cases to deal with in his capacity as Magistrate.
The fact is our friend Mr. Hardy wants Mr. Sills
appointed & hence the whole trouble. Hagle has
been a good friend of yours both before & since the
election & is a most efficient officer and I
trust you will see your way clear to use

Mr. Hagle always has been a friend of mine & I am sure that in an old or ill as
it is said there is no one who is not a friend of mine & I am sure that in an old or ill as
it is said there is no one who is not a friend of mine & I am sure that in an old or ill as

your influence to secure his reappointment
for the ensuing year. It is urged that
Mr. Sill is a poor man but even if he is
there are a great many others in a similar
position whom the government cannot help
by appointments. If Mr. Hays had been
informed that the President would for the
future live in Washington and had not
complied there would have been
some excuse for the course pursued but
as it is I fail to discover any.

Yours very truly

Wm. H. Hunt

P.S. would you kindly send me a copy of Mr.
Harcourt's bill to abolish quarter for stalls.

D. H. PRESTON,
Barrister, Attorney, Solicitor,
NOTARY PUBLIC, &c.

Wapanee, Feb 7 1880

Geo W Hawley Esq
Toronto

Confidential

My dear Sir,

Young 24th has duly

read & remarks noted & quite
understand the position you are
placed in by this awkward business
about the inspectors but notwithstanding
that there is great force in what you say
I do not see that it was not the duty
of the Govt to take out communication with
Hagler before appointing him, success or
I think he has not been well or fairly
treated by the Govt. If this case is to be
accepted as a precedent for the future it
seems true that the Govt expect their officers
to spend at least as much time in lobbying &
seeking re-appointment as in discharging his
duties. This action plainly says that the
faithful discharge by any officer of his duties is
not to be considered or have any weight in deciding
the question of re-appointment. I should have
suppose you can now interfere in the matter.

General Secretary,
PROVINCIAL REFORM ASSOCIATION,
63 Wellington Street West,
TORONTO, ONTARIO.

October 10th., 1881.

My dear Hawley,

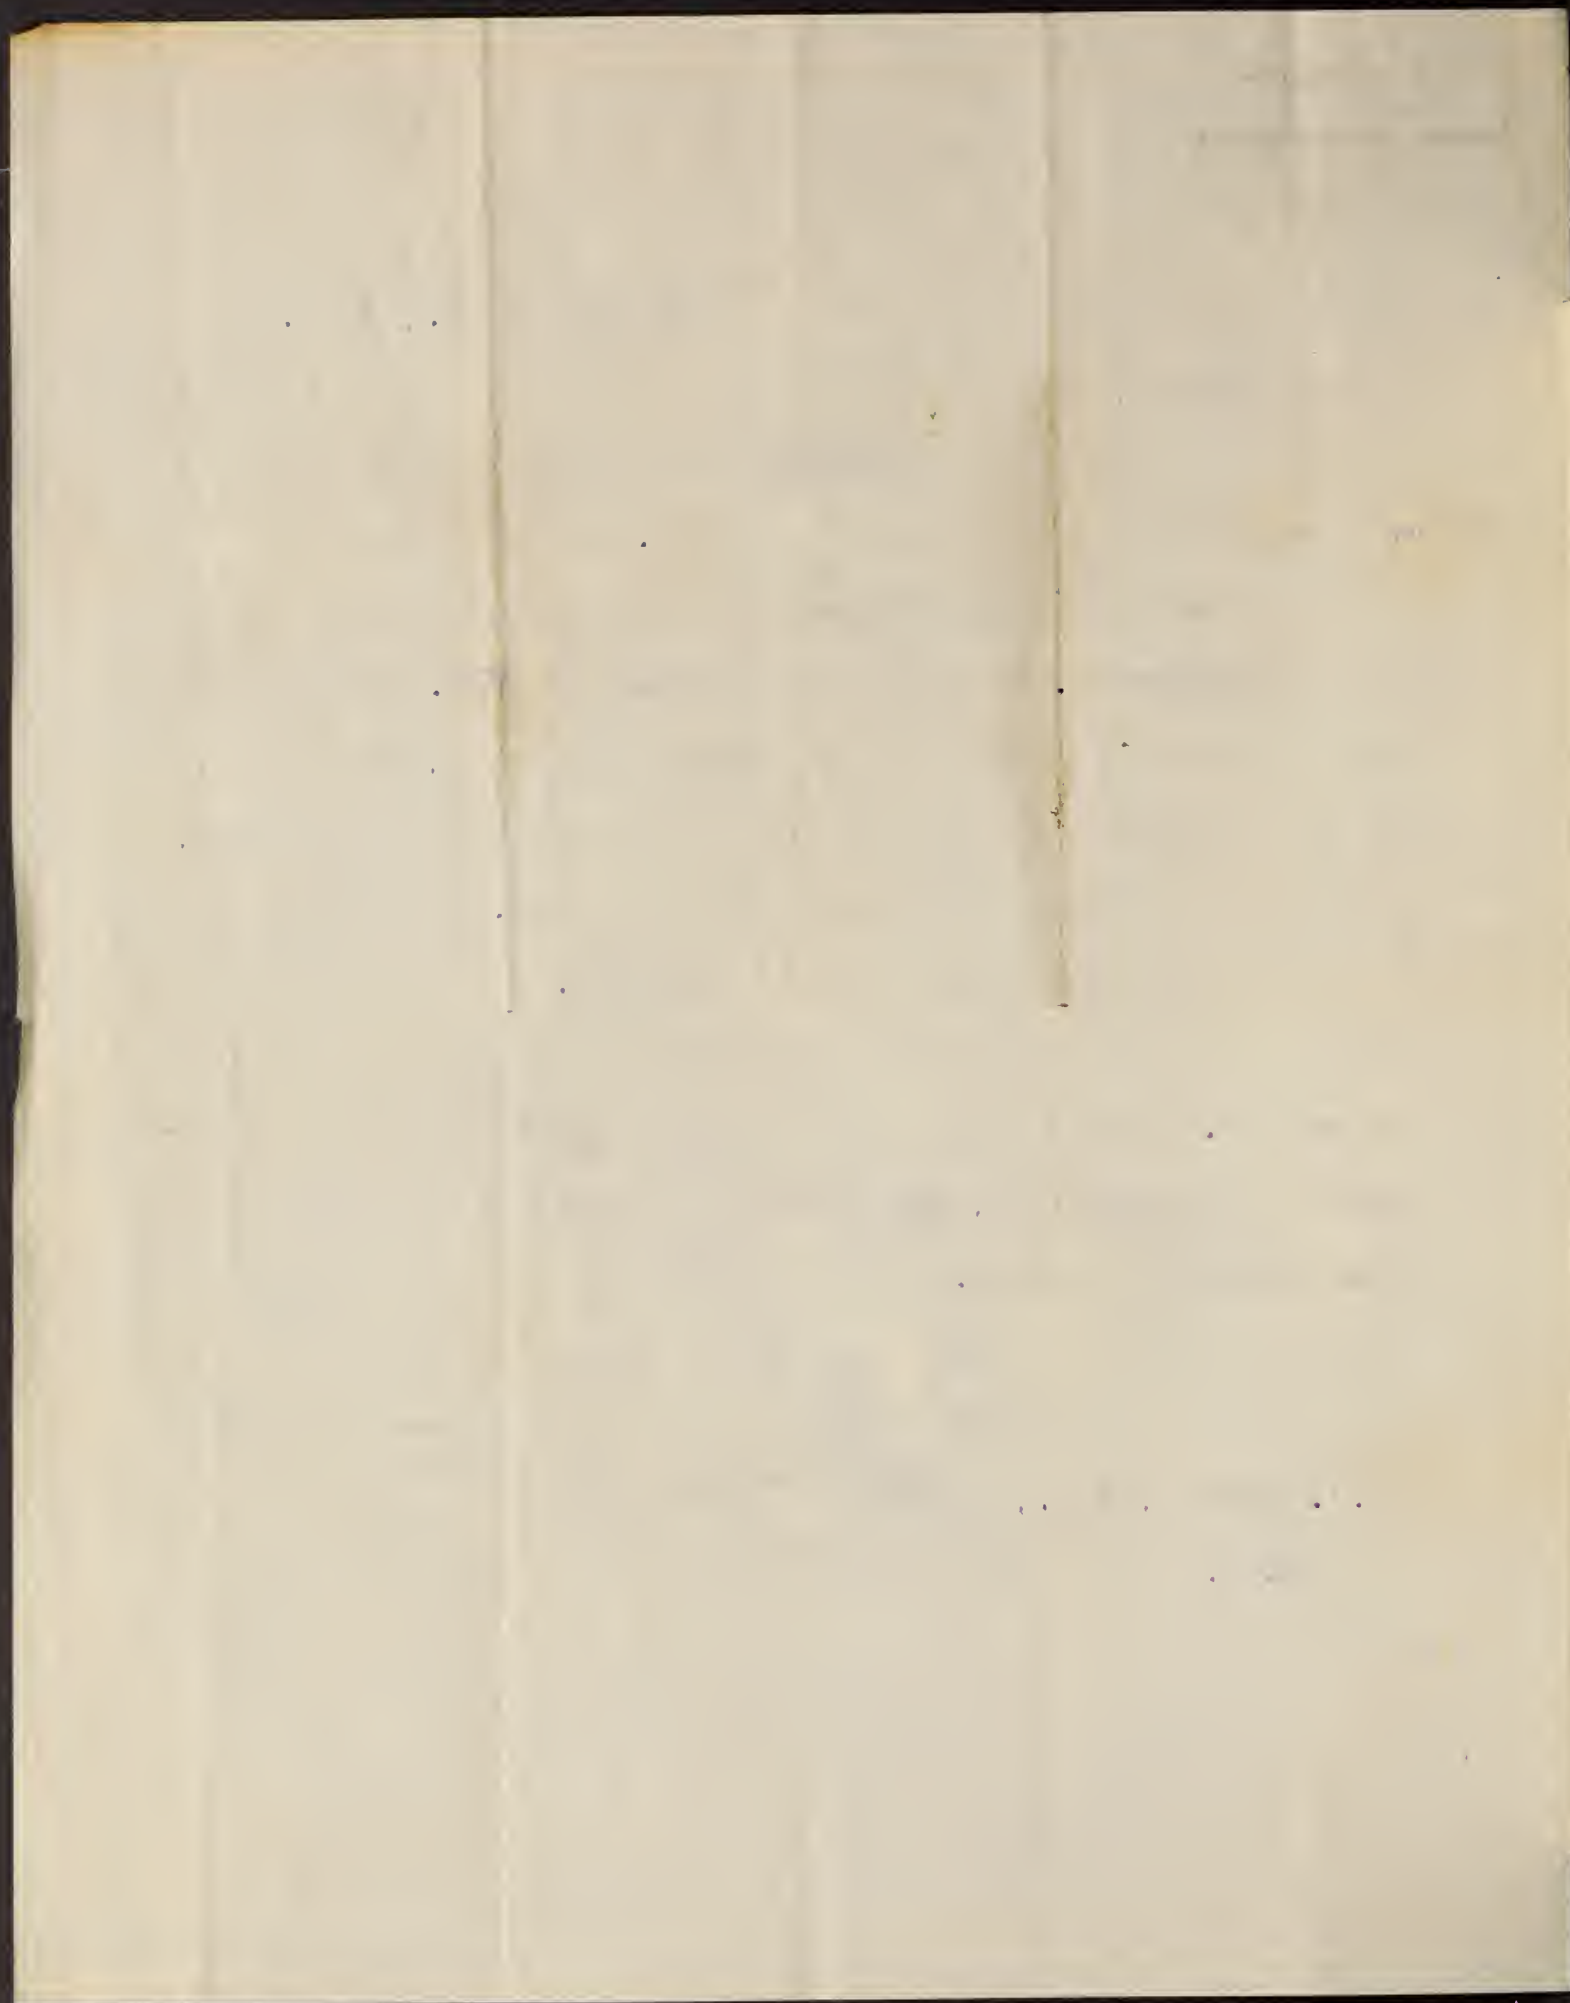

Absence from Toronto has prevented me from answering your letter earlier. I am assured that the delay has neither been my fault nor the fault of the members of the government. However, draw on me for \$50. at once now making the draft payable at the Bank of Toronto, Port Hope, and I will accept it and pay the amount out of my own funds, of which I will have sufficient on hand then. You can send the draft thro' the bank to me in Toronto. I will be back on Monday and will then accept and you will have no trouble with the matter. I am sure that it is more than time for your patience to be exhausted, and I hope this will place affairs on a satisfactory footing.

Yours ver.,

Geo. D. Hawley, Esq.,

Bath.

My dear George,

Having heard with regret that there is a strong feeling existing in Canada in opposition to our present excellent "Inspector of Mines" Mr. Kagle Esq. and as he has been a worthy and faithful servant in that capacity, having discharged his duties in every respect zealously and impartially during the period that he has filled the position, I take the liberty of asking you to use your influence in having him retained in his present office -

He is a strong supporter of the Government of which you aid, and worked indefatigably

Handwritten text in a script, likely Urdu or Persian, covering the right page of an open manuscript. The text is arranged in approximately 15 horizontal lines. The script is cursive and dense, with some variations in line length. The paper is aged and slightly discolored. The left page is mostly black, suggesting it is either blank or the text is too dark to be legible.

in order to secure your election,
and I am confident from
what has been expressed by
your friends and supporters
that they expect you to interest
in his behalf.

Trusting you may
give the matter your earnest
consideration, & that the op=
-position which is merely "sectarian"
in order to feather one of that
particular flock may be undec=
-ided

Believe me
Yours sincerely,
Keith Roschke

J. C. RYKERT,
Barrister and Attorney-at-Law,
SOLICITOR IN CHANCERY, NOTARY PUBLIC, &c.
Office over old Post Office.

St. Catharines, 27th Jan'y 1880.

My dear Hawley.

The City of St. Catharines is applying for an Act to legalize the Assessment Roll for 1879 and the Collections Roll for the same year. By some blundering they omitted having a Court of Revision in consequence of which many who had no right to be assessed and others who would have applied for a reduction, have been deprived of that right. In several instances they have distrained for taxes and the Judge on the trial of rehearing suits has decided against the Corporation. They now seek to make these parties liable, notwithstanding the decision of the Court. It would be manifestly wrong to pass an Act to legalize what the Court has decided to be wrong, and thus compel parties to pay what they ought not to pay. Under any circumstances I think you ought to have a clause inserted, so as to prevent the Act applying to suits pending or which may have been decided. I think Mr. Morvat will not allow such sweeping legislation if his attention is directed to the same.

very truly
J. C. Rykert

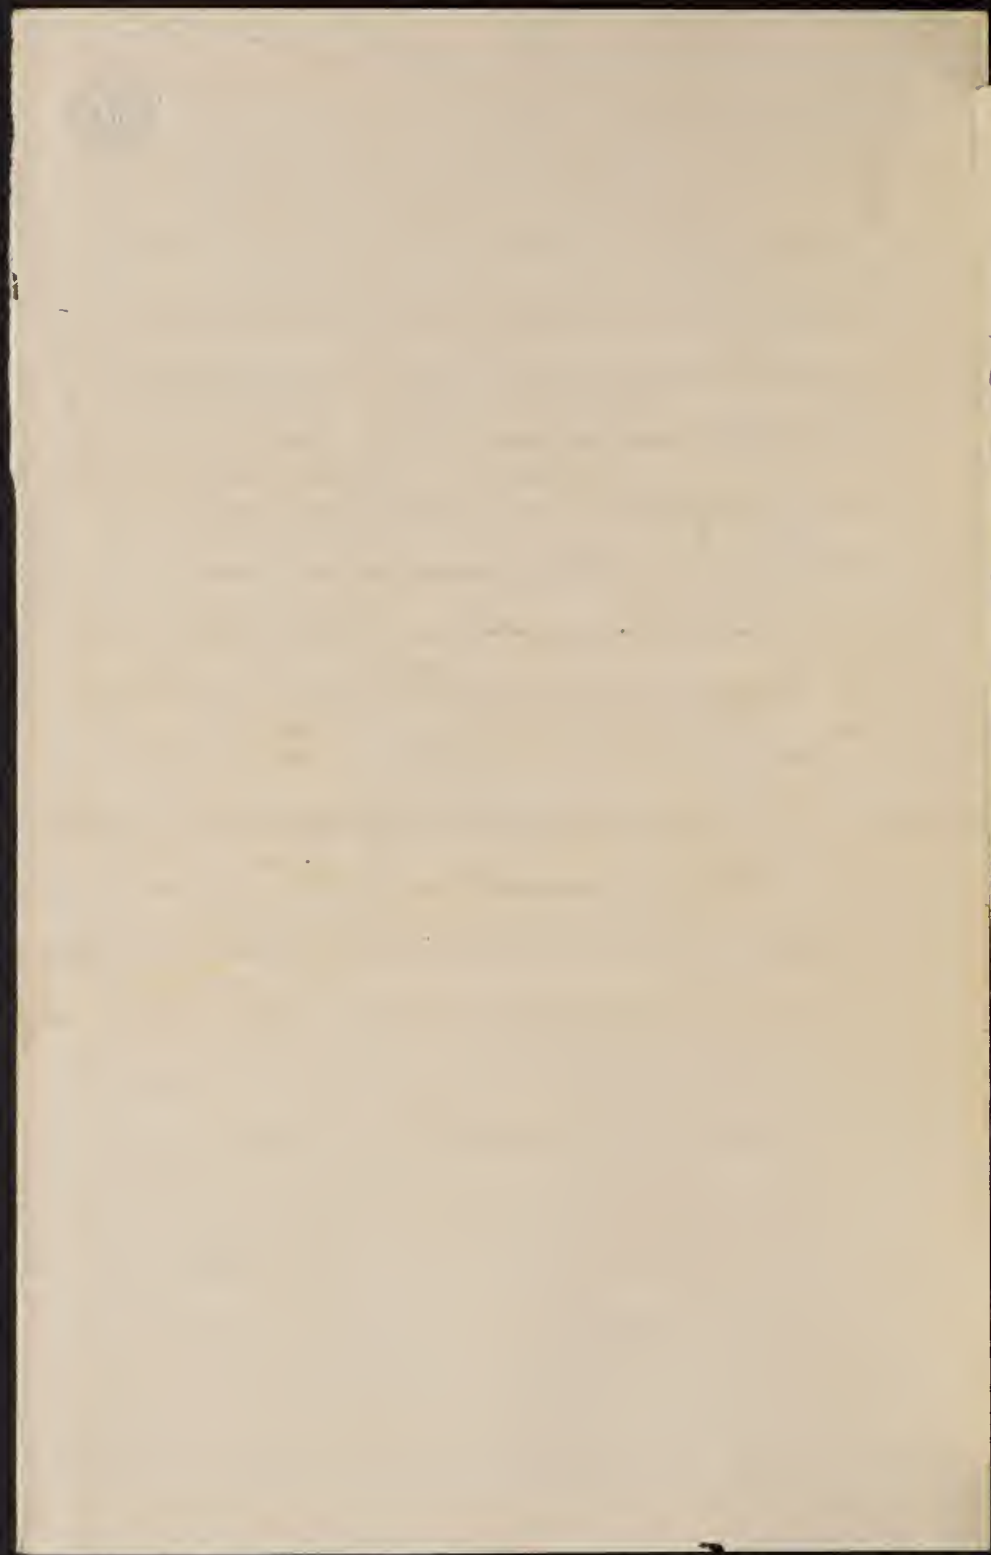

Handwritten text in the top right corner, possibly a date or reference number.

Main body of handwritten text, consisting of several paragraphs. The script is cursive and somewhat faded. The text appears to be a letter or a formal document, discussing various topics in detail. The handwriting is consistent throughout the page.

Handwritten text at the bottom left, possibly a signature or a closing phrase.

Memorandum

Napance, Jan'y 26 1887

My dear Hawley,

Since I wrote you the
other day in reference to the ap-
pointment of W. A. Rose as
License Inspector for Lunenburg
Mr. James Daly has been speaking
to me about the matter and says
that something of the applicant
to you for the appointment was
that you seemed to be favorable
to his appointment. Under
these circumstances I am
perfectly willing that Mr. Daly
should be appointed. In fact he
would be my choice before any
other man in the County. I think
it would be well for you at once to
write to Hardy and recommend
Mr. Daly.

Kindly accept thank for copy of your

By Bill.

When Mr. Derricks was here on
Saturday we arranged with him to have
a conference with Messrs. McQuinn & Bader
on Wednesday. I wish Mr. Derricks
would send a letter to me to speak
to you on this matter.

It shall be our conference
with you in some time as and before
R.R. I may be allowed to inform
you that we have our right of way
purchased and looking all done
between Napaneer & Timmworth. But
few of the roads asked this far even
thou need a good present basis
before they would aid. And we have
\$1000.00 a Mile promised. coming for on the

completion of our Road. Our people have
showed a desire for the completion of this
Road by their voting for Bondsmen -
Are we not as much entitled to aid as
the Union Railroad, Ry. Credit - Sully Ry.
Hampden & Berkshire Ry. - Wholly Post-
Paid and numerous ^{other} Roads - Our
people feel this strongly that we have
not had our share of Railway
aid. Hence this desire - Now is
the time aid will do us much
service. Our printing is being injured
by laying in the slot &c. and a
few thousands a mile would aid
us more than ^{it would} now than in a couple
of years from this.

We know the opposition of
the Government has been too weak
in all our matters. but when the
true Constitution, which are benefited
and supporters of the Government
the Government should be more

Application can be
brought to account in a suit to
be commenced by any tax payer on
behalf of himself and all other tax
payers. I am very strongly of this opinion
now, but as the law is proverbially uncertain
it might be best to select some tax
payers from whom costs could not be
collected in case the state went
against them. ~~This~~ Such a person
you can easily find. As to the
costs of prosecution all I should
require would be about \$25 to pay
law fees out of pocket and the
rest I would expect to make out
of Defendants. For this you can
judge of their faith I have in the
case. If you decide to go, send me
written authority from the person
you select - also copies of the By laws
relating to the ~~school~~ Adventure School from debts
and any other papers relating to the
matter. If you decide not to spend
the state council through, our charge
for opinion will be \$5.00 provided
you can charge it against the council.
Yours truly

I have carefully considered the case submitted by you. The number of subscribers affecting the question has obliged me to take considerable time to mature my opinion. Without entering into legal technicalities I shall just state briefly the result of my investigation.

- 1) There has been an undoubted misapplication of the funds in procuring the debt determined as payable by a local rate under a by-law and that the debt has been being paid as more money has been collected from the section concerned - so that money is virtually lost to the Township at large - but the said grain debt it may or may not be possible to collect from the tax-payers generally. In any case I think the Township is entitled to look to the parties who misapplied the money received from government.
- 2) The money misapplied cannot be recovered from the Treasurer who seems to have acted bona fide under direction of the Council (Grim v. Whitely 1872)
- 3) The members of the Council who passed the Resolution and directed the mis-

(Successor to Rawlin & Machar,
Barrister, Solicitor,
Notary, &c.

343 King Street,

Kingston, 188

(3)
P.S. If you have any conversation
with Mr. Knapp I wish you would
suggest that Section 116 of the
Land Titles Act should not
apply to "Local Masters of Titles"
further than to prevent them
from practising under the Act
itself, as it will not pay a man
in fair practice in a County
town to give up his conveyancing
business for all he will receive
from fees as such a Master.
Local Masters in Chancery are
allowed to practise in all
other Courts and to conduct
all other business.

J. M. MACHAR,
Successor to Hawden & Machar,
Barrister, Solicitor,
Notary, &c.

343 King Street,

Kingston, 2 July 1886

J.D. Hanley Esq. M.P.P. Dear Sir,

Allow me to congratulate you on
your successful debut as "Member"
which is I trust but the prelude
to greater distinctions in the future.
I observe that there is some talk
about extending the "Hansard Act"
to other Countries. A year ago when
the Act was under consideration
I obtained from C.F. Johnson
and J.M. Fair - two Reform
Candidates in Kingston and
Trenton - letters recommending
me for the appointment of
Local Master of Titles if
such Office should be crea-
ted; I should like to have

John M. Machar,
Barrister, Solicitor.

38, Clarence Street.

Notary, &c.

Kingston, 19 Aug 1855

Dear Sir,

I saw Mr.

Imray today and he
thinks he can advance \$1800

on first mortgage of $\frac{1}{2}$ of
1st & 2nd Mo. Enslown

You had better then
first speak to Miss Hurley
and ascertain if she
would release this land
taking a second mortgage

from you to secure such
sum on this land as you
may agree on. Mr. Imray
will call on you & also take
a look at the land the next
time he goes to the Cheerey

Bound at Haparee inside
of nearly 2 weeks

Yours faithfully
W. D. D. D.

Private
John M. Machar,
Barrister, Solicitor, 38 Clarence St.,
Notary, &c. Kingston, 13 Aug 1892
P.O. Box 515.
J. D. Harley Esq
Dear Sir

I observe that W. Henry & Co
have brought an action against
Ezra Dunbar & Jas. W. Farlane
claiming \$10000 for damages
sustained by Plffs. through
their horses taking fright at
Defrs. Threshing Machine.
The Plffs' Petition is filed
in Court. I suppose Dunbar
& W. Farlane will defend.
If you know them well enough
and should happen to see
them before they have em-
ployed a Solicitor, you

might recommend them to put
their defence in my hands.

Of course if the case ever
come to trial they could
have any Counsel that
they wanted at trial, but
I rather think the case
would turn on a question
of law. Of course you need
not say to them that I
have written you about
the matter. The writ was
issued yesterday, so that it is
now public, that one is going
on but I don't know if
they have been served yet.
Please destroy this after reading

Yours faithfully
Wm. Grady

W

On This Seventh day of June in the year of our Lord one thousand eight hundred and eighty Seven at the request of The Dominion Bank, the holders of the Promissory Note hereunto annexed, I James Henry Madden a Notary Public for the Province of Ontario, by Royal Authority duly appointed, did exhibit the said Promissory Note unto the Teller of The ~~Dominion~~ Bank ^{Mutual Bank} in Napanee, being the place where the same is payable, and speaking to him did demand payment of the said Promissory Note, to which demand he answered—
"No funds"

Wherefore I, the said Notary, at the request aforesaid, have protested, and do hereby solemnly protest as well against all the parties to the said Promissory Note, as against all other persons whom it may concern for all interest, damages, costs, charges, expenses and other losses suffered or to be suffered for want of payment of the said Promissory Note, and afterwards, on the day and year mentioned in the margin, I, the said Notary Public, did serve due notice according to law of the said presentment, non-payment and protest of the said Promissory Note upon the several parties thereto, by depositing in Her Majesty's Post Office at Napanee, (being the nearest Post Office to the place of the said presentment) letters containing such Notices, one of which letters was addressed to each of the said parties severally, at his proper place of residence, or post town, or post office, the superscription and address of which letters are respectively copied below, as follows, that is to say—

Our "**ECONOMIST**" Plow has proved itself fully up to our most sanguine expectations, it having met with a larger sale than any plow we have ever yet made by two to one for the first year, and we are preparing to build a thousand of them for the coming season.

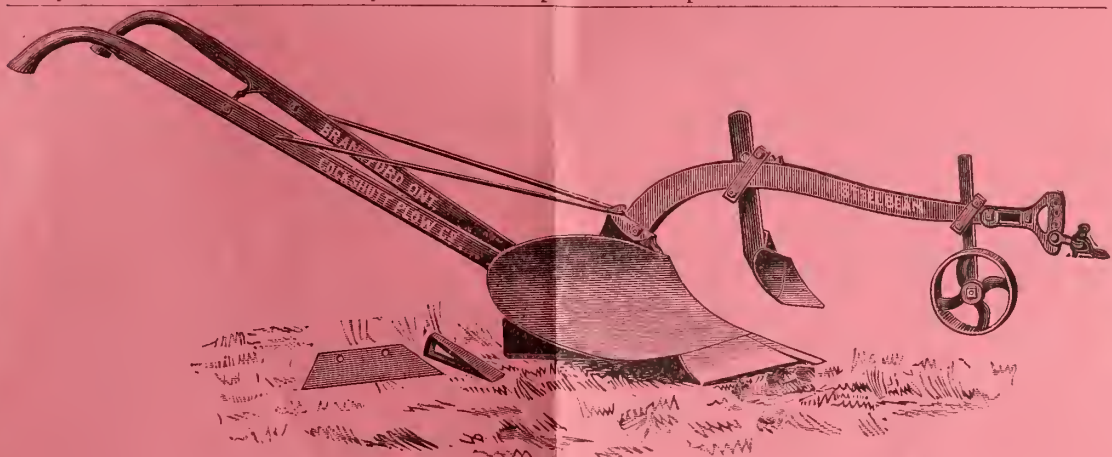

As the name indicates, the new "**Economist**" Plow is designed to prove a great saving to all those who shall be fortunate enough to own one. The inventor and Patentee, Mr. E. D. Meagher, of South Bend, Ind., U. S., has without doubt succeeded in producing a plow that combines more good practical points of advantage than any other.

It is light in weight, strong in construction, easy in outlines, does elegant work and above all has a reversible self-sharpening wing and point, which has delighted every farmer to whom we have shown it.

The "**Economist**," has passed through three seasons of very severe tests in the United States and has there proved such a great success that the "Economist Plow Co." of South Bend, has been formed with a capital of a quarter of a million to manufacture it for the United States. After having carefully and thoroughly tested it last season, and from our own observations, we assert without fear or hesitation, that in all the essentials of a good implement the "**Economist**" is, by very large odds, nearer perfection than any other plow in the market. And we have purchased the sole right to manufacture it for the Dominion of Canada.

From the annexed cut you will perceive that the point or nose is a triangular or wedge-shaped piece having an eye or loop of the same shape through the rear end of it. This fits over the toe of the standard, and is drawn securely into position by a steel hook bolt in the throat of the standard. The wing is a parallel bevel ended piece twisted to conform with the outlines of the plow, the angles at the ends are the same and form a straight joint against the nose and mouldboard. It is secured by two bolts directly to the standard and is entirely independent of the nose or point. The advantage of this will be readily perceived, their parts being entirely independent of one another, admit of being changed separately, and there is no danger of breaking the whole share at once when coming into collision with a boulder, and can also be replaced as each part wears out. The superiority of the construction of this share over others that have been made with slip points are that both the wing and point are rigidly attached to the standard and that either can be replaced independently of the other, hence the practicability of the "**Economist**" is fully assured and as perfect as it is possible to make it.

Description of the "ECONOMIST" Reversible Point and Wing.

The share is divided into two parts, the point or nose being separated from the wing or cutting blade. Each part is bolted direct to the standard. This permits of the removal of the nose, which wears out quickest, without disturbing the wing, *vice versa*—a material saving in the cost of repairs.

Both nose and wing are equal-sided, or *reversible*. As soon as either part becomes worn rounded on the bottom, it is turned over bringing the self-sharpened upper edge to the bottom of the furrow, and the process of alternately rounding up the lower and sharpening the upper edge of the part repeated, until it is worn back to its bearings. During this process the edges can be kept at all times as sharp as when first put on, hence the plow holds to the ground as well and draws as light with partly worn as with new share, while the immense saving in the cost of repairs must be obvious to every practical farmer and dealer.

In fields free from boulders and other obstructions, common grey iron noses, costing half the price of steel, are equally as good. A steel hook concealed in the throat of the Plow holds the nose as firmly in place as the beam.

All the working parts of the Plow are furnished either in steel or chilled iron, as desired. All interchangeable on the same frame.

All the fitting edges of the nose and wing are *straight lines*, none of which are exposed to wear. This makes the fitting of duplicates as simple as jointing of two planed boards together.

Points of Superiority in the "ECONOMIST"

OVER OTHER PLOWS.

1st. The "Economist" has a patented share in two parts, perfectly independent one of the other.

2nd. The "Economist" nose is reversible—can be turned upside down and fit either way, thus being self sharpening.

3rd. The "Economist" wing is also reversible in the same way, and consequently self-sharpening.

4th. The "Economist" share, both nose and wing, are made of either steel or chilled iron.

5th. The "Economist" is consequently the most practical plow in the market.

6th. The "Economist" nose is attached to the plow independently of the wing by a steel hook bolt.

7th. The "Economist" wing is attached to the plow independently of the nose by two bolts.

8th. The "Economist" is made with a solid steel beam.

9th. The "Economist" is made with either a chilled or steel mouldboard.

10th. The "Economist" can be used either with the wheel or without.

11th. The "Economist" can be used with coulter only as a swing plow.

12th. The "Economist" can be used as a jointer plow.

13th. The "Economist" can be used for all styles of plowing.

14th. The "Economist" is the most economical plow made in its wearing parts.

15th. The "Economist" is the lightest draft plow made.

16th. The "Economist" is the easiest handled plow made.

17th. The "Economist" is made with malleable iron trimmings.

18th. The "Economist" handle braces can be tightened by turning a malleable nut on the brace rod.

Dear Sir:

I am here in the
city of Toronto and have the pro-
mise of a good situation if I can
give references. I therefore now
take the liberty of asking you
as a person who has always
known me, for a testimonial
as to my character honesty &c.
I presume that you know better
than I do the form such a
document should have, make it
general. To all whom it may concern.
This is to certify so and so, what

ever you can conscientiously say of me.
If you think I am a young man
of high moral qualities and consider
me honest and in every way reliable
and trustworthy and having a good
education &c &c say so and it will
do me no harm. All I am waiting
for is references and as soon as
I get them I can go to work. So
if you will be so kind as to give
this your earliest consideration
and answer as soon as you poss-
ibly can I will be very much
obliged. I would like to get a
gov't sit at the next session at any
rate I would like to see you and
if you just drop me a postal when
you come I will call on you.

Very truly yours

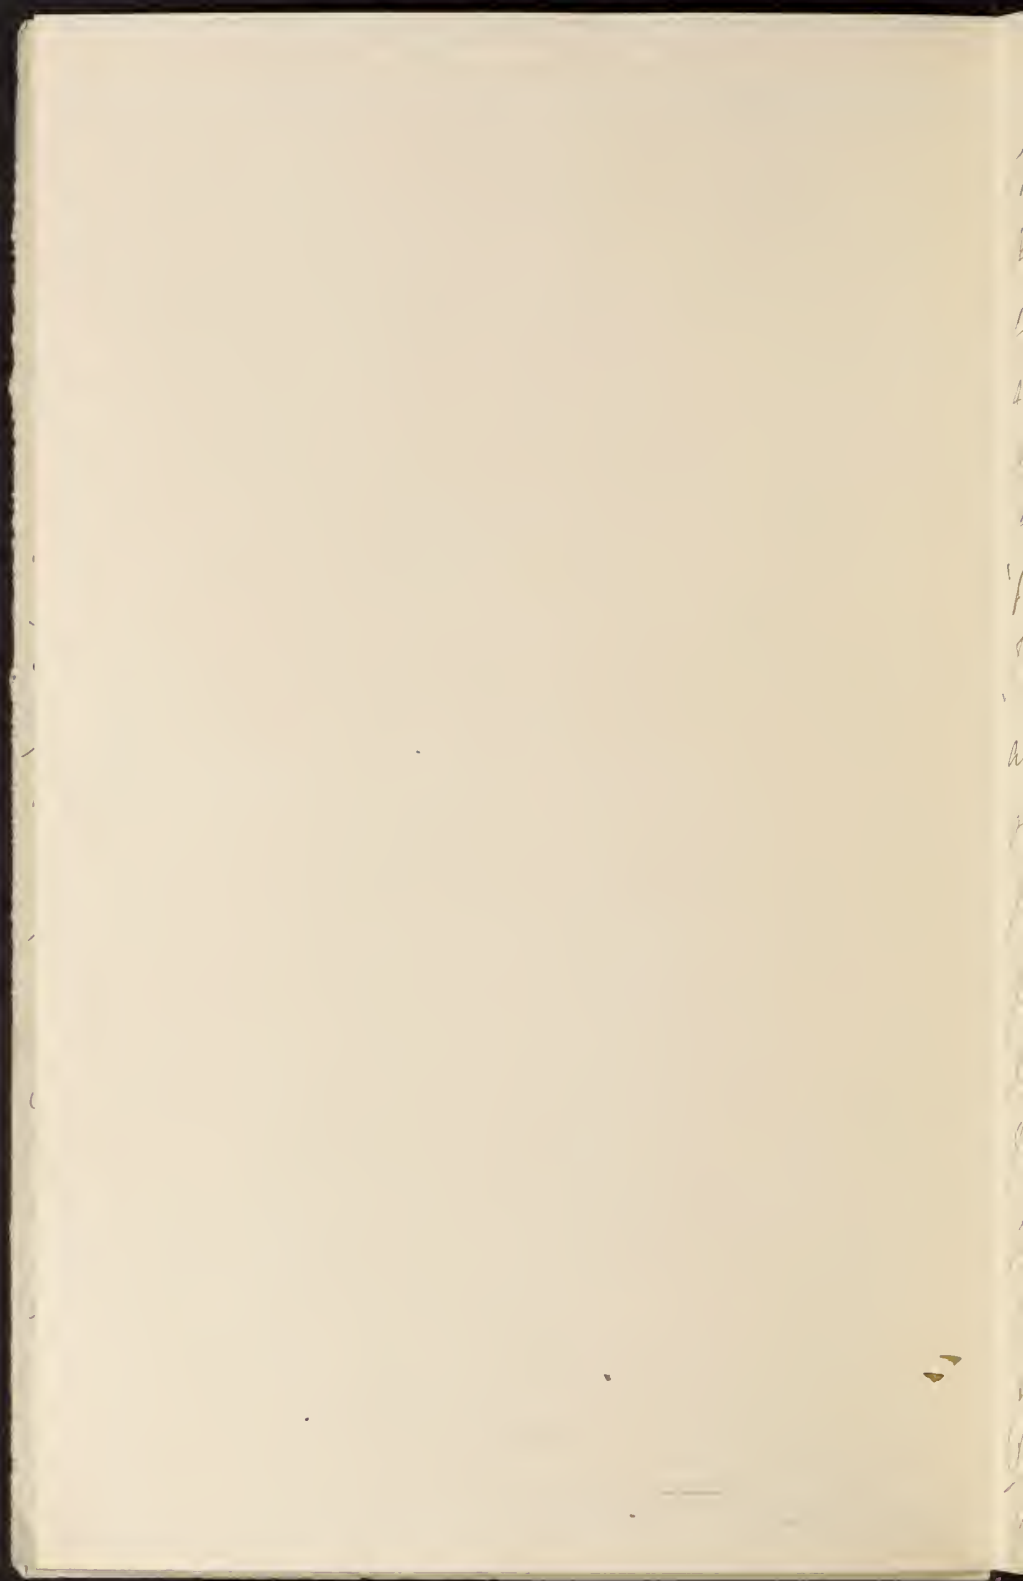

H. M. Henderson

not near from here.

all well and send love

Yours off sister

Marion

Kingston, March 21st
183.

My Dear Hawley,

Mrs. Gurn told
me you were going to Toronto
today I wish I could have
met you there but cannot
go up untill next-week.
No man regrets your defeat
more than I do, things have
changed very much since we
parted and although our
friend Mr. Inowat is sus-
tainer) it is not as we
would wish, as for myself
things look bad not being
able to get either the City
or County and my losing

you & Derocke my next-
neighbours and strong friends
it would seem as if everything
goes against me when I left
Mr. Nowat he told me to
write him so he would not
lose sight of me & he would
see what could be done
that it was difficult to
find something to suit me,
I wrote him & so did Mr. Gil-
dersleeve I have a letter from
Mr. Main who ran for the
County which I think I will
deliver personally as I have
been advised to go up & press
the matter myself if they
intend to do anything for

me I wish to know it as
I cannot wait any longer
they can do it if they wish
they have done it for others
which I could tell you about
if we met; I don't wish to
trouble you to see any of
the ministers on my part only,
but if you have any business
with them & think of me at the
same time I shall be very
gratefull they should stand
by their friends now or there
is no honour or gratitude
in our party.

G. D. Howley Esq. } yours truly
American Hotel } W. L. Bayter
Toronto }
Ont.

Sunday Evening

My dear George

Many thanks

for your letter received last
Monday. I should have written
you sooner, but expected some
of them down from home & they
never turned up until Saturday.
John, Minnie & of course Carrie &
Michael came down. They had eggs
butter & poultry & - they were
depressed. Their people are so shy
sons for poultry. I never knew it
so scarce before. The snow is all
off again & it is so cold to drive in
waggons, although they said it was
not so bad yesterday. Last Sunday
Monday & Tuesday were bitterly cold.

Last Sunday night. Uncle & Auntie
had to sit up nearly all night
to keep the fire going to keep them
from freezing. They feel the wind
so dreadfully on that hill. Willie
& I were over there to see this after
noon & we could see each others
breath when we were eating. I don't
see how they stand it at all.
Willie says to tell you he expects
to leave here on Tuesday afternoon
for Toronto, & if you have nothing
else to do you might meet him at
the train. You must give my love
to the Kultuens & tell them how
much I would like to go up & visit
them, but it is impossible for me
to leave home this winter, perhaps
I will go next winter while you
are there. Between ourselves I never
would go away as I did last winter
& stay so long & then have to endure
what I had to after coming home.

Last Spring without a girl so long.
My life here is not the most plea-
sant in the world & I don't think
many would put up with all I have
to, but, God forbid that it should
last forever. Miss I says to tell
you she thinks you very selfish
that you do not write her some-
times. Willie says the Bell Ringers
are coming here & I will be sure
to go to hear them. I have not been
at any parties this winter, but the
Gauchers Ball takes place on
the 8th of February, but Willie does
not care for Ball so I suppose I
can't go as I don't like to go to
Ball without him, I don't mind small
parties. The Battery Ball last Wed-
nesday was a brilliant affair. Mr.
Hancock Miss Dawley & Carrie Stewart
have been out home visiting & Carrie
Stewart laid Carrie Dawley's hair
& it is quite an improvement. Do you

see any in Toronto changed, or is it
only a Belleville fashion? Emma
Widley & Annie had theirs changed
but I did not care for theirs at all
I suppose you see gorgeous fashions
up there, how I like to walk down
King & Yonge Street & see all the
fashions & pretty things in the
shop windows. Sam Miller was down
last Saturday & he told me that Mark
Problein had a hundred & seventy
fits in two or three hours. did you
ever hear such a fellow in all your
life to tell such stuff. Willie giggled
to himself when he heard him tell me
said George should take that office
& take John as deputy & I said Sam
but George went to Parliament to serve
the country & that would be serving
himself, but he said he did not care
you should secure it for yourself
Jerush had no business with it. I
must say good night with best love

Toronto, May 22nd, 1885.

My dear Hawley,

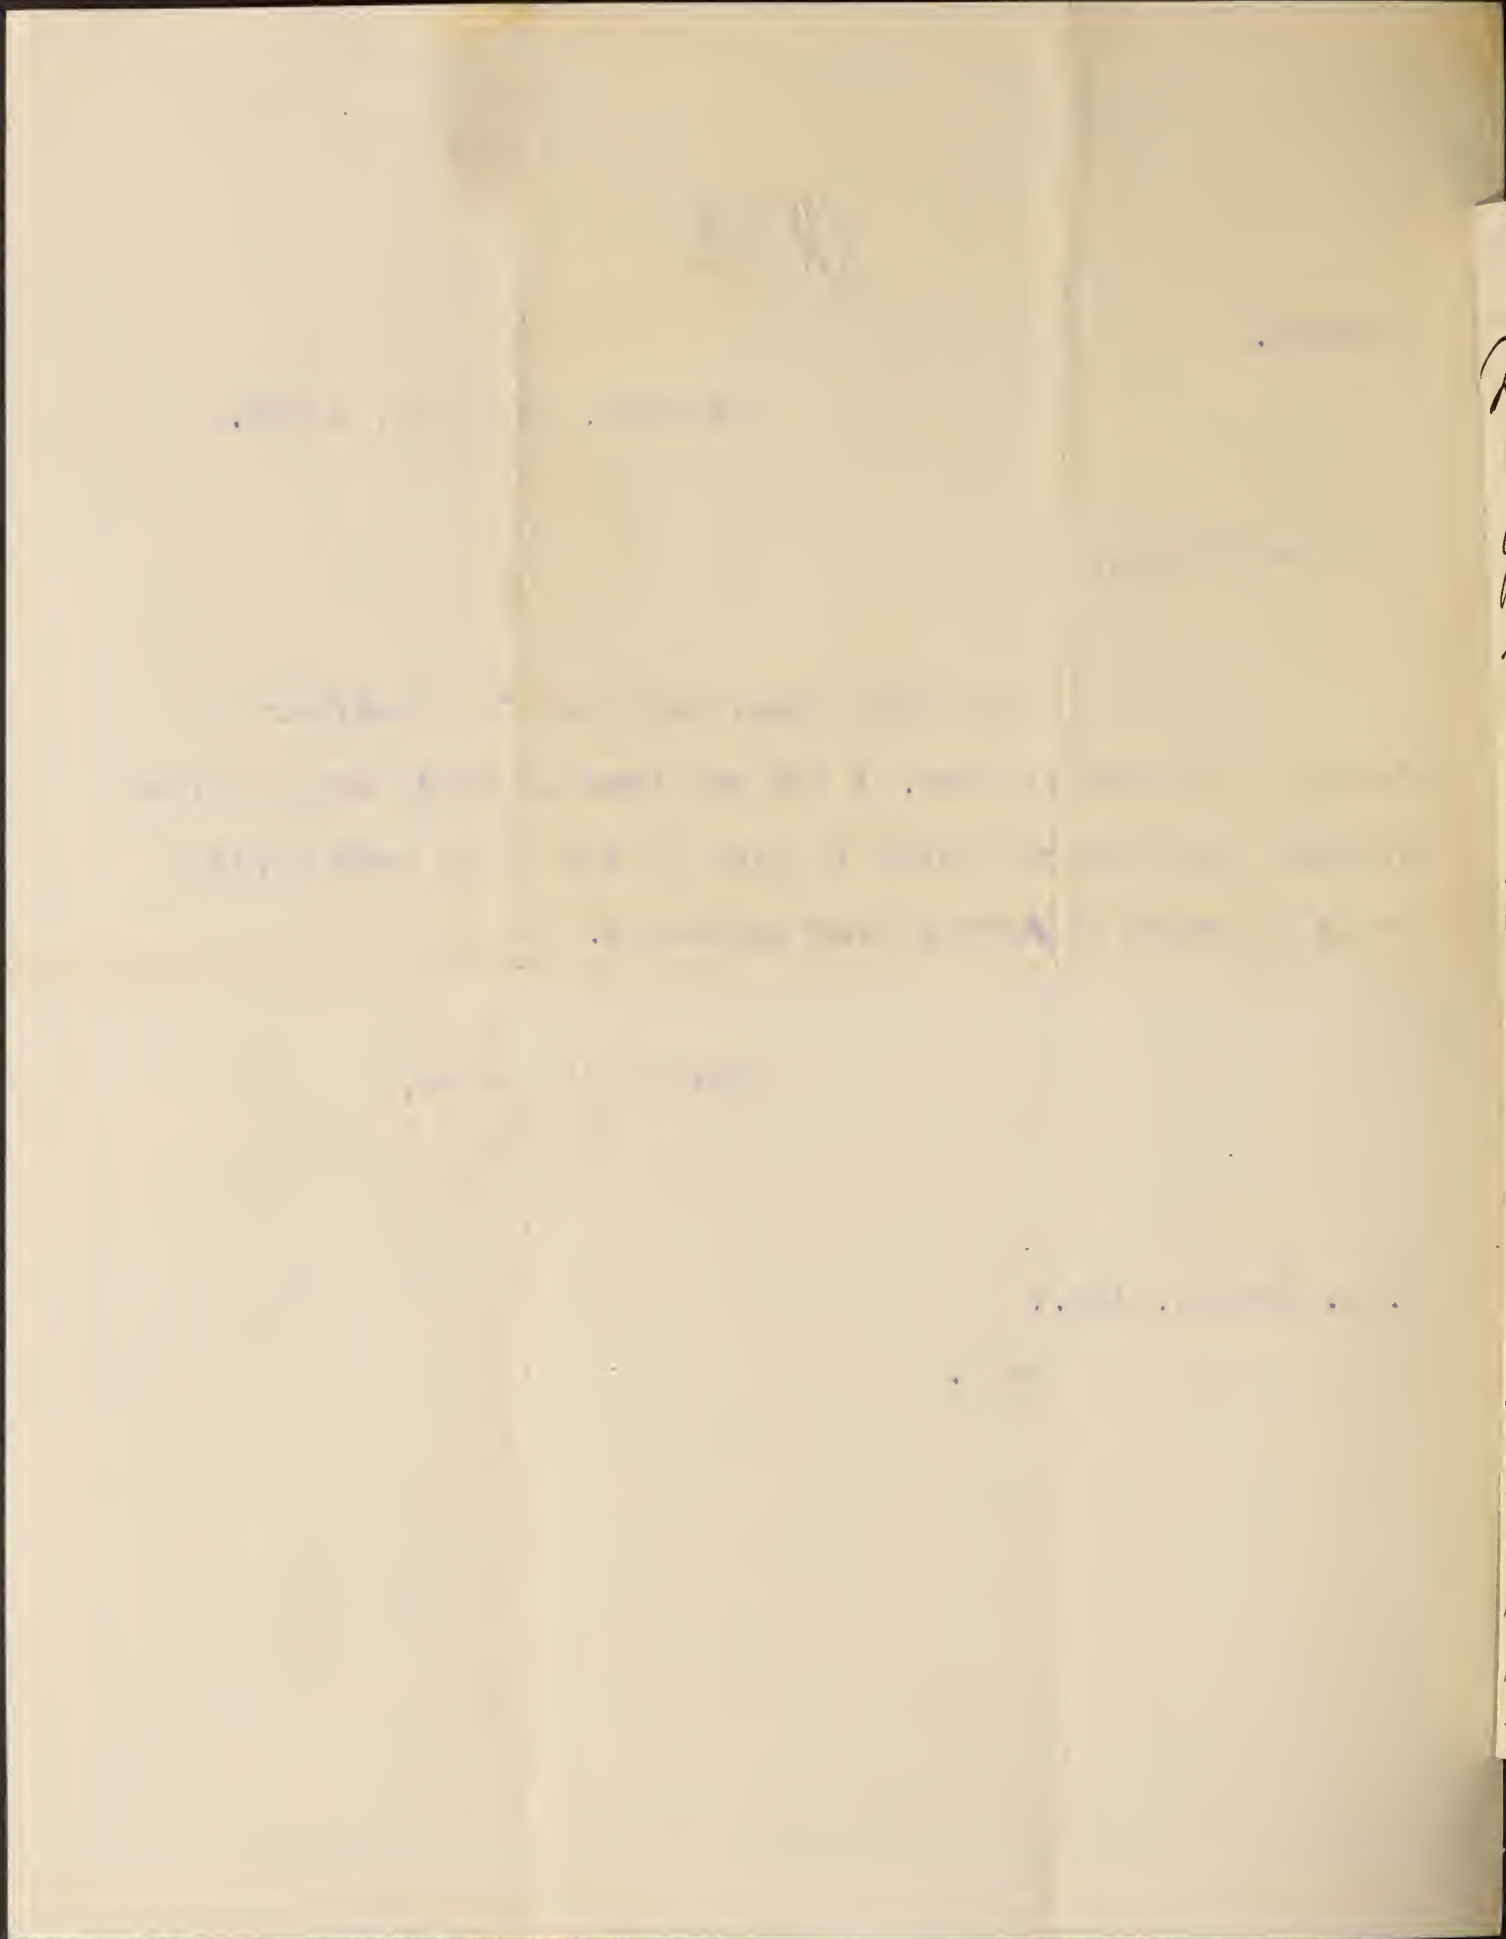

*The day appointed for the elections is
Friday, the 26th of June. I let you know as early as possible
although you may not think it wise to let it be made public
so as to reach the ears of our opponents. Be ye ready!*

Faithfully yours,

Thomas Stanger

G. D. Hawley, Esq.,

Bath.

Kingston, Aug 20 1879.

Dear George, I arrived here
yesterday and was most anxious
to get to see you all for a night
but find it impossible. My regret!
I have to call at Wm. and Rachel's
and cannot stop at Toronto
for I must be home on Saturday.
I am therefore reluctantly compelled
to postpone my visit to your place
until a more convenient season.
I was at sea in the "New York"
from N. York to Portland, in the
great gale of Tuesday morning
and for some hours the ship was
very perilous. A heavy sea and the
fog was very thick with the sea
so that we could not make Portland
in the night and had to stand out
to sea. And when we put about
for land at daylight it blew

very hard and after an hour or two
we were 'all very glad to see
Portland Bay ahead. And we
were thankful when we touched
solid land again.

A letter from Jack informs me
that Aunty Gurn has been
suffering a little from summer
complaint - so I am anxious
to get home again. I enjoyed
my visit to the sea side very
much - and my health is much
improved by it.

My father is now quite
strong and that our Mother
is much better.

Augusta expects Mary Ann
on Saturday - and would like
only she is busy - and that I am
writing -

Sorry at not being able to take
a day to see you, and hoping

that I can do so next time
and with love to all,

Yours affectionately
Wm. J. F. M.

Miss Donnan & Auntie Heath
are about as well as can
be expected. They are healing
slowly - but is healing -

COUNTY COURT
AND
SURROGATE OFFICE.

Haltersdon, Ont. Aug 17th 1880

Dear George, Auntie Ann rec^d
your letter last last night with
which she is much pleased as are
also the rest of us - but to day
being Saturday she has not time
to reply - I write at once to say that
we shall be most glad to have
you run up here any time it
suits your convenience - Mr.
Quinlan often comes home and
you could run up with him &
come along for that matter - and
we will be very glad to have you
come up when Willie comes and
we all hope Amanda can get
away with him as she needs a
little rest and change - It is

Very sorry for Mr. Deane Saturday
at noon - get here at 9-30 p.m.
and go off again at 6 A.M. Monday
morning - and be in Toronto at 1-30
p.m. - in time for Mr. Deane and
the House -

I am sorry you are not at the
Walker House - I suppose you are
very quiet where you are - but
Mr. Sinclair (Mr. Gibson) Mr. Hay,
and quite a number of experienced
Parliamentarians stay there and
you would pick up a good deal
of information and knowledge
useful in your present position.
I hope you have made the acquaintance
of Mr. Gibson - with whom I sat
in County Council many years
ago - Mr. Ross was on County
Council then for Union and
Free - I am sure you

little Mr Sinclair, who is
a very fine man, and I have
no doubt all of them will extend
to you every kindness and con-
sideration and encouragement
until you get acquainted with
all forms of procedure and duties.
We are all pretty well at present,
but Auntie Ann is troubled a good
deal again with her foot which
causes her so much pain some-
times.

Mrs Morley, Minnie's Mother
lives at 242 Sherburne Street,
they will be very glad to see you and
I am sure you will like them.
Minnie is a nice girl, and the boys
are fine, steady, industrious and
intelligent lads. So I hope you will
run up and see them. The street
car on Park Street, passes

their door up near the
Horticultural Gardens -

Frank Morley is engaged
at Nordheim's King Street
You can call on him and he will
show you the house -

With best wishes, in which
all join,

I am afftly made

Yours
Wm. Morris

Office Of

First Division Court
Napanee the sum
of Twenty eight dollars
and seven to me as
being Bailiffs fees due
me for May Court 1888
Zina Horn

Private

Toronto, June 1/82

My dear Hawley:-

Sir, the Inspector,
wishes wanting to know
whether he can take part in
the political campaign. I
say in all such cases that
they must act upon their
own judgment in the matter.
I advise them not to take the
stump, but apart from that
I do not interfere. Will you
say this to him for me, as
G. V. Hawley Esq., I

M. P. P.,

Bath,
Ont.

I do not care to put a
letter on record about it.
direct to him.

Yours,
faithfully yours,
at hand

Man. 8th
1882.

My Dear Hawley

I will send you
some copies when I
see them. The demand
in Eastern America is so
great however that
I fear I will not
have many to spare.
You may see how
on a general election
I think almost cer-
tainly. Yours truly
W. J. Carter

Wm. Stanley

men & let her know
what Quenawen says
every day - I understand
a, but I never back
asking you to be sure
& come on Saturday
also on seven days
back I know her
to be there, so each
& I know that all
by myself, which I
think, ever pretty
well I thought I could
understand it - I know her

on a Sunday - Now
to see & let her
know every day
Now I am going
a few times to
to look about your work. I
say if you can, as I can
for you, I want to see
you & back soon. I
would do for you - I
hope to see you Saturday
myself. Lovingly

accomplished in getting - I hope
you can come on Saturday, if so
by train & telegraph. - I see by one of
the papers that the house will
close the end of week work. do you
think it will be in time to go
home Saturday, if so I suppose
you want to go home. then you
must let me know exactly as
I want to come back two days
before so as to return my calls &
get the sheets etc. - I wish I had
got them & the pillow cases before
I came here & I could have made
them. oh Auntie Jane, reaching
there has been any amount of
calling but I have been under of
Mr. V'Combe. I have any I like her
so much. Walpole is, seems a nice
place. They want me to spend the
whole of week session here so I must.

Hallberton, Ont. March 10th 1880

Dear George, Your letter of 5th inst
duly reached me and I at once
dropped a line in the Post office
for Mr. Rives, asking him to call
when in town for the money order.

So his son called today and got
it - and is much obliged to you
for your promptitude. I hope
the tobacco may turn out well.
I am getting some "white life" to
send to my brother-in-law in Hamilton,
and to my old Dutch friends in
Nova Scotia -

We are very glad to hear that
your father's leg is well again.

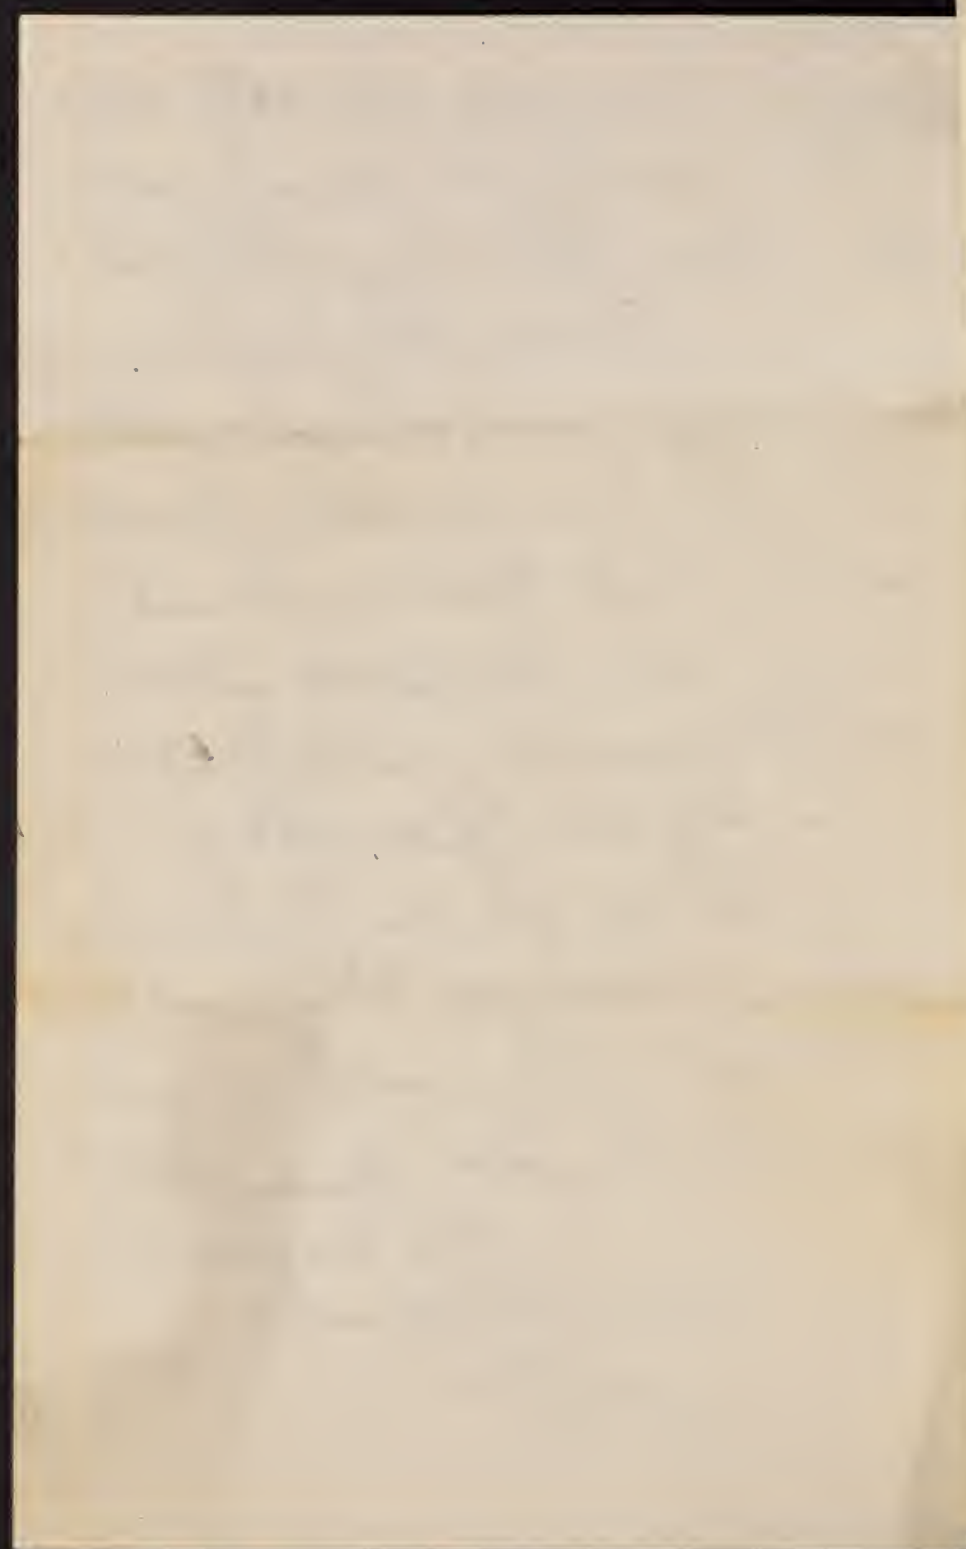

and that his general health
has much improved - and
that John Mother and the
rest are all well - -

The last news about Auntie
Heath, I don't much like, but
hope she is better now - Miss
Douglas says she has lost her
appetite very perceptibly, and
an absence of all joys -

Am almost get rid of the balance
of John C's & fast as John
can - We are all just about
the same as when you saw us.
Much love to all -

Yours affly Uncle
Wm. W. W.

May 19. 1862.

My dear Henry,

I am sure you
will forgive me for not be-
gratulating you on this on
your good luck. May it,
my dear boy, only be a
stepping-stone to something
better, which you most richly
deserve. I am here for
treatment. My anxious
system

about 9 am out - and I came
here. The Doctor lets me
take my liver and stomach
are in a bad way and I
am up to my eyes in "Salt-
rubs". Electric-Thermal and
Electric-Chemical Baths and
Luge to be patched up ere
long. I beguade both the
liver and the stomach. But
the fact is my dear George
for the

last year or two I have had
more than I could conveniently
carry. I was at home ^{with}
illness & have not been
to give me trouble. I hope
that I may soon get to work
again and make up for lost
time -

Will you remember
me very kindly to Carrie
- if you would be pleased to
say

Carling her So.[?]
Belieu an. her
dear So.

Your afft Cousin.

Edith

You up - He is a very nice fellow and
a warm friend of mine -

Yours very sincerely

J. F. H. Jones

Samt House.

OFFICE OVER GRANGE'S DRUG STORE.

Bapanee, Dear Sir 1886

Dear Sir

I hope you will have a good

meeting in Bath to night & have a good
Report from the Island. I am glad to be able
to say that we expect to get a majority in
Town we have had two or three good Committee
meetings & divided the town between us & are
now engaged on a thorough canvass & will
Report next Wednesday night & I find so far
it is going better than we expected. I think
it will be well for you to give all the
time you possibly can to canvassing
Brisbane I don't believe the Odessa
will give a majority against you & that
Report they submitted does not give the
true position in St. Vincent's corner either. If
you can give a day to personal canvass
in Odessa & Thel more in St. Vincent's corner
& Wilton it will help wonderfully. Also
when you come to Town I would like you
to call on Light the Carpenter he himself has
promised me & said his Boys would vote for you. But
a call from yourself would help the matter there is
to vote there. Hoping you will make a change

Napanee, _____ 188

My dear Mr Hawley

I have just been advised
from private source that there are some
families in the Eastern part of Emmet
who vote in Mill Haven Ward. They are
originally of Conservative stock but have
been with us lately & now they are talking
Liberalism & it was suggested that a
little special attention had better be
given to that section. And I would draw
your attention to the fact that now the
mail is ~~back~~ backing down ^{on} the No Popery
cry & accusing the ~~Liberal~~ of raising it.
Evidently they think have gone too far
& would ~~turn~~ try & carry favor with the
Conservatives again. If you could get hold
of yesterday's mail & the Lib it will
refer to this. As I just heard this I send
you this in haste with desirey who are
sorry to hear now we had a pro-union
last night.

Yours truly
Gibson

GIBSON & CLUTE
Attorneys and Solicitors
of the Supreme Court of the
State of New York
No. 100 Broadway
New York City

My dear Sir,
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the above matter. I am sorry to hear that you are unable to attend to the matter personally, but I will endeavor to do all in my power to assist you. I have conferred with the other members of the firm and we have decided to take the following course: We will prepare a statement of the facts of the case and submit it to the court. We will also prepare a motion for a writ of habeas corpus, if necessary. I will be glad to hear from you again at any time.

Very respectfully,
Gibson & Clute

Brantford Feb 7th 1881.

Geo. D. Hawley Esq. M.P.
House of Assembly
Toronto

Dear Sir,

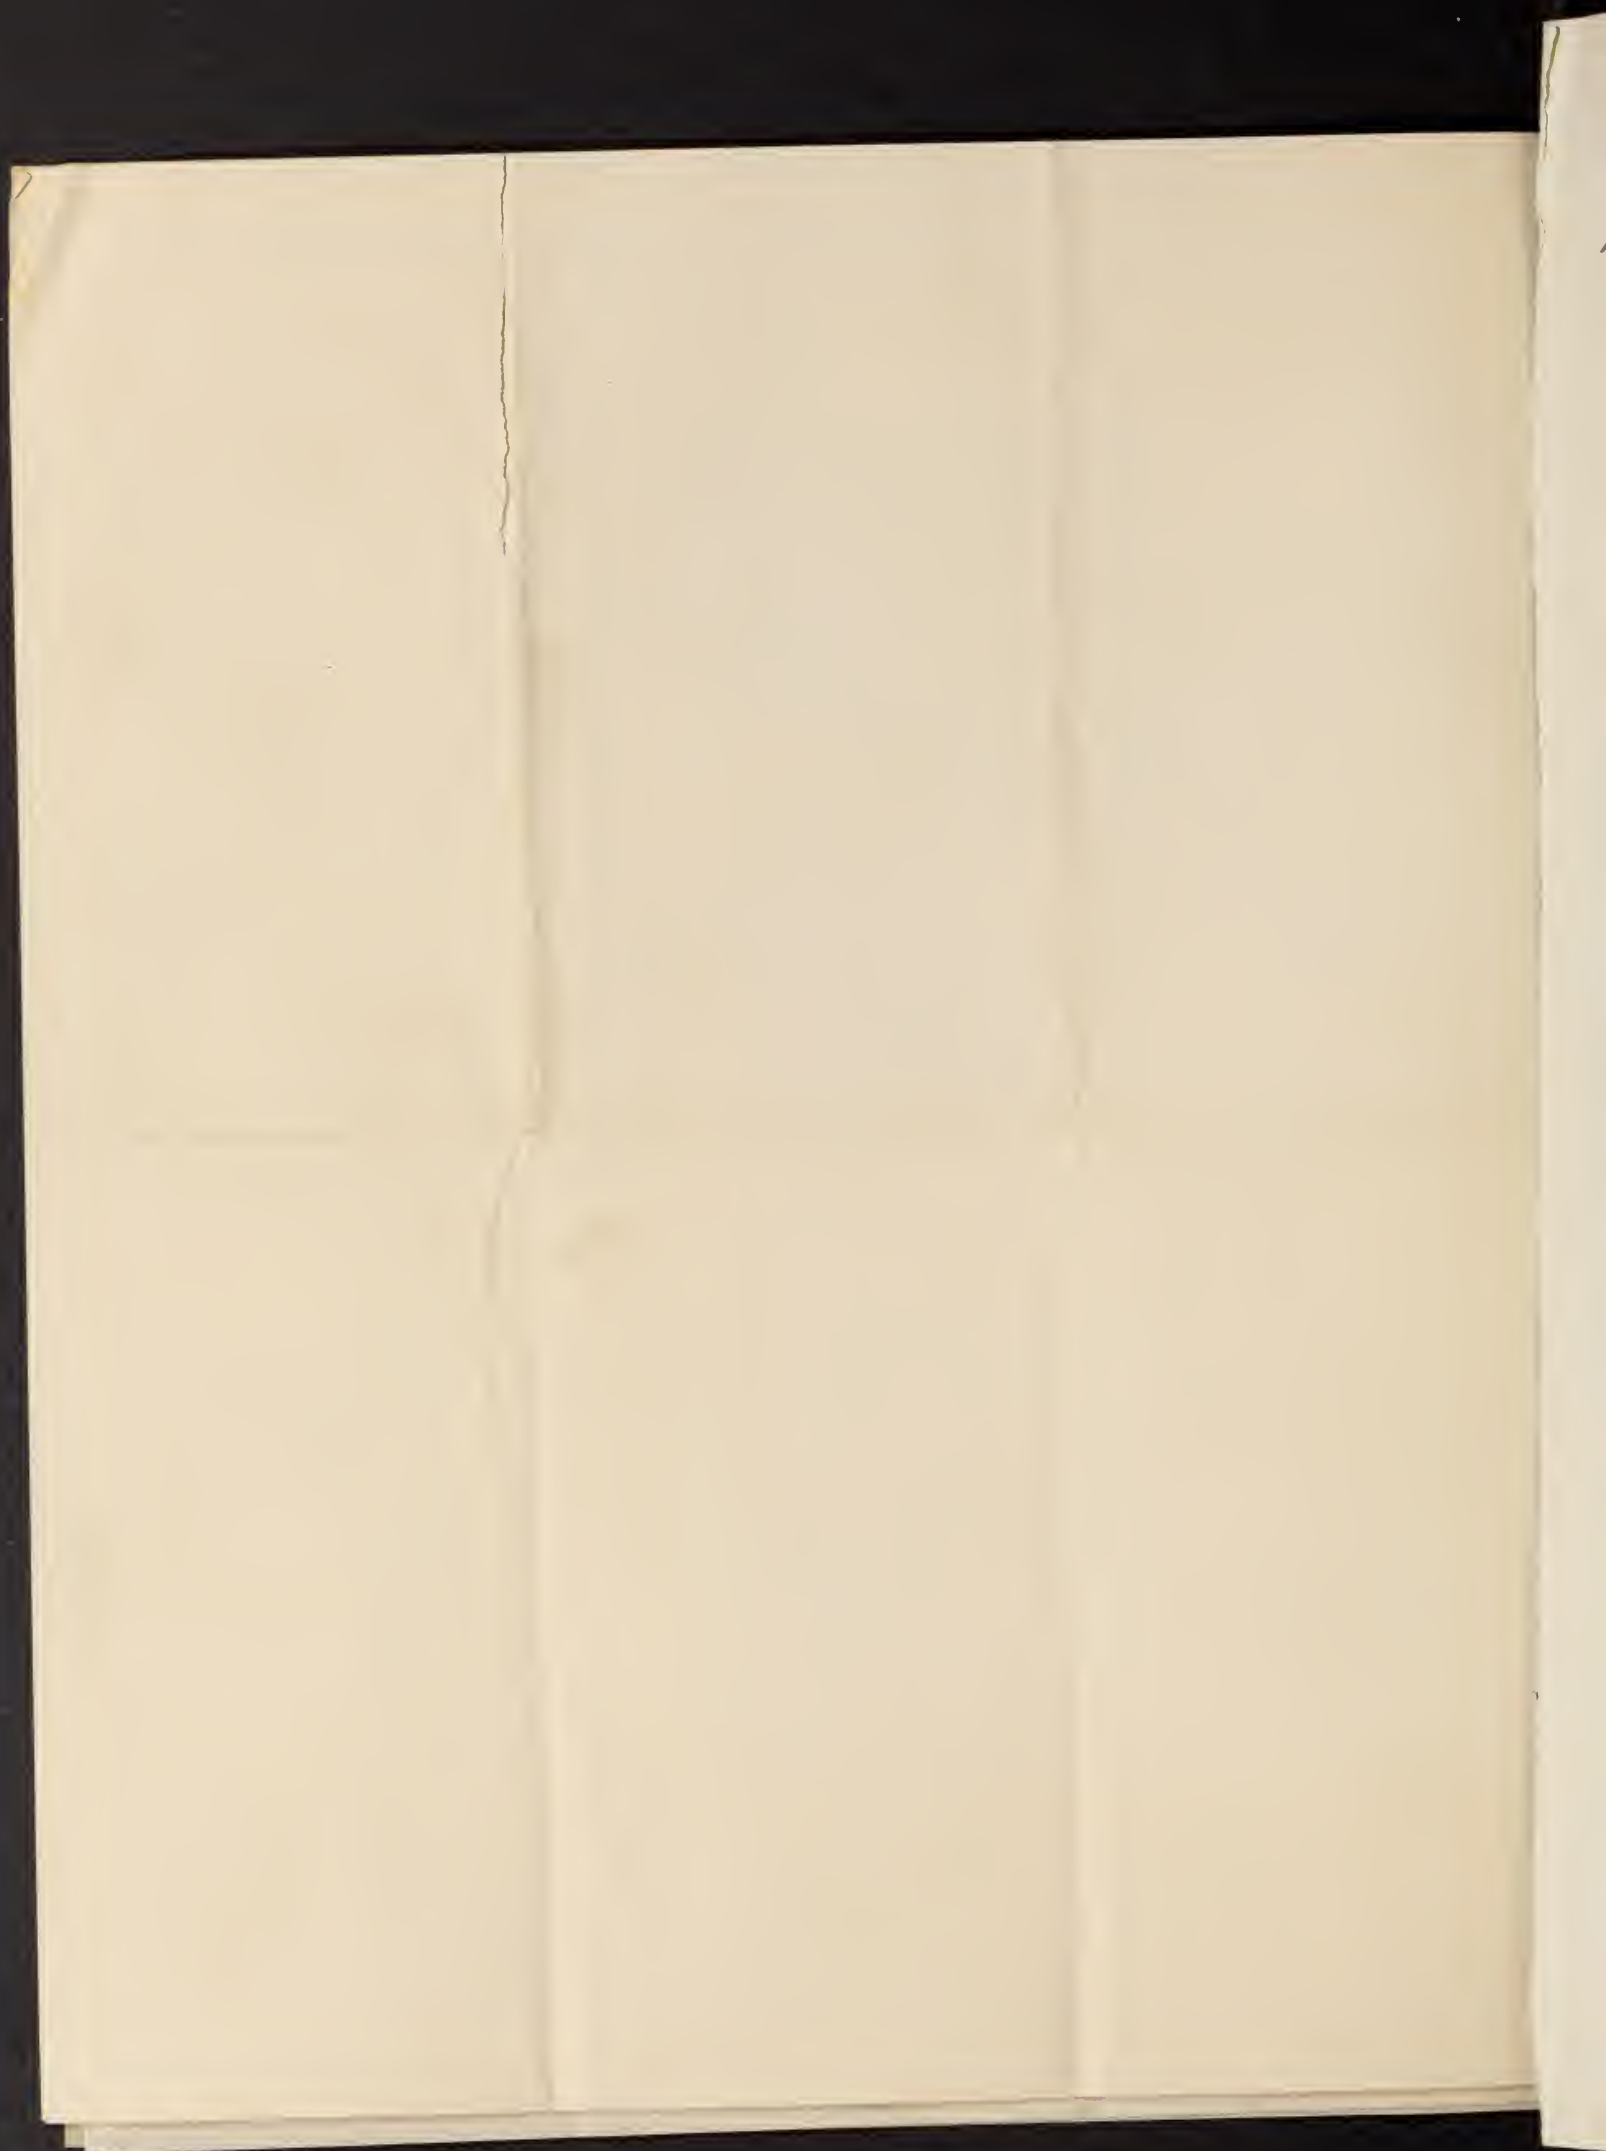

Your favour of the 4th inst. enclosing B^d Draft for Twelve hundred and Seventy two (\$1272⁰⁰) dollars in part of principal interest of B^d Mr. J. A. Jaynes to Mrs Harriett Williams, and which was assigned to me, to hand.

As regards Discharge of the B^d I do not care to take on myself the drawing of one, and you do not instruct me to employ a Lawyer to do so, which explains my not sending it with this.

A short time ago, supposing payment would have been made thro' Mr. E. J. Hooper, Napanee, thro' whom I got the B^d, I wrote him in reference to preparing the discharge. I did not instruct him to prepare the discharge, as it is not my duty to do so, but told him I supposed he would be asked to do so and that "discharge" for me to sign would have been sent with the draft.

The matter probably has better remain as it is until I go to Toronto which will be I think, about a week from to-morrow. When in Toronto (I stop at the Walker-House) I will try again. Yours, very truly

Oliver Gilpin

Toronto, Box 303, April 20, 1907.

My dear Sir. I have acknowledged receipt of your letter of 11th inst to which I would have replied earlier had I not hoped to have seen you last week at W. Apperley. I have been known yesterday again. It is evident that the majority of the Cabinet are in favour of Mr. Desolles - and unless you can see your way to making an unequalled recommendation of Mr. Gibson I fear that the appointment will not go to Leurox and you are quite exposed as to the bad effect that must have on the future of the Reform party in that Riding - Mr. Leurox leaves next Monday for an absence of 4 months in England so that there is no time to be lost. I do not know that I need say any more - If you can secure the position for Mr. Gibson you know how I shall appreciate your good offices.

Yours truly

James S. Cantwell

Mr. Brown seems to think that Leurox is lost already - If you could resume him at that point it would do much to strengthen your position -
Please acknowledge receipt of this -

Hesperia Jan 9 1880

George Hawley Esq
Toronto

Dear Sir

I see by the papers
that there is a change
in the Dispensing Comd
act and while alterations
are to be made I beg to call
your attention to the
present clause relating
to the furnishing of drugs

The law now is that
\$25⁰⁰ is exempt before
drugs will apply
which is unjust to our
business men A Merchant
will come to us and upon
faithful promises obtain

our good under the promise
to pay a certain sum
a week but after getting
the goods and showing
how the furnisher acts
they are perfectly indep-
-endent of showing that
they had ^{only} in fifty of
their clubs ever have
\$25.00 in the hands of
their employees as
the furnisher law is
a dead letter so far
as collecting debts is
concerned

You will naturally
conclude with me in
the matter and act
as you think best but
suggestion can do no
harm
Yours truly
Henry R. [Signature]

Amherst Island

Dec 12. 82

Mr Casey Dear sir

I have neglected to acknowledge
the receipt of your letter
of Oct 30 until ^{now} and now
I humbly ask your pardon
for my negligence my reason
was that I was in hopes of
meeting with you or Mr
Hawley either on the Island
or in. Kame before the
close of navigation in that
I was disappointed I must
acknowledge the honour you
confer on me by making
me one of the chosen few
and it only now remains
for me to say that I am
at your disposal and

I am willing so far as
my limited Circumstance
will permit to assist
in each and every way in
my power to promote
the Reform cause generally
and that of Mr Hawley
personally

I am glad to
be able to add that there
is a large number of our
friends and quite a number
of those that did not vote
with us in the last election
enquiring of me when
there will be a meeting
and for me to be sure
to let them know and
I have promised to give
them the earliest notice
possible of any meeting.

and now the whole matter
rests with you and Mr Hawley
himself. And all I want
is 3 Clear days notice before
hand either by letter or
otherwise and I will see to
it that the inhabitants
of the Islands ^{are} fully apprized
of the matter

you may tell

Mr Hawley that

I heard an old conservative
say the other day that he would
not vote for Mr. Lee

is an intended member
of any government
and I know that there is
others of the same mind

please
give my best
respects to our friend
Mr D. W. Alison

and
Mr G. D. Hawley,
Yours truly

Samuel Prescott

Exeter New 7/52

N.Y.

My Dear George.

We shall all look for you on Saturday, by the afternoon train if possible, but if not then by the late train which gets here at 10.48. Do come; we are quiet as you know, but I think we can make it pleasant for you for a day or two. Of course it must be quite understood that your good wife does not return with you ; we purpose if possible to keep her for a month or two. I am very busy so you must excuse my hurried note.

Yours ever,

COCKSHUTT'S
"Brantford" Sulky,
(BROWNE PATTERN.)

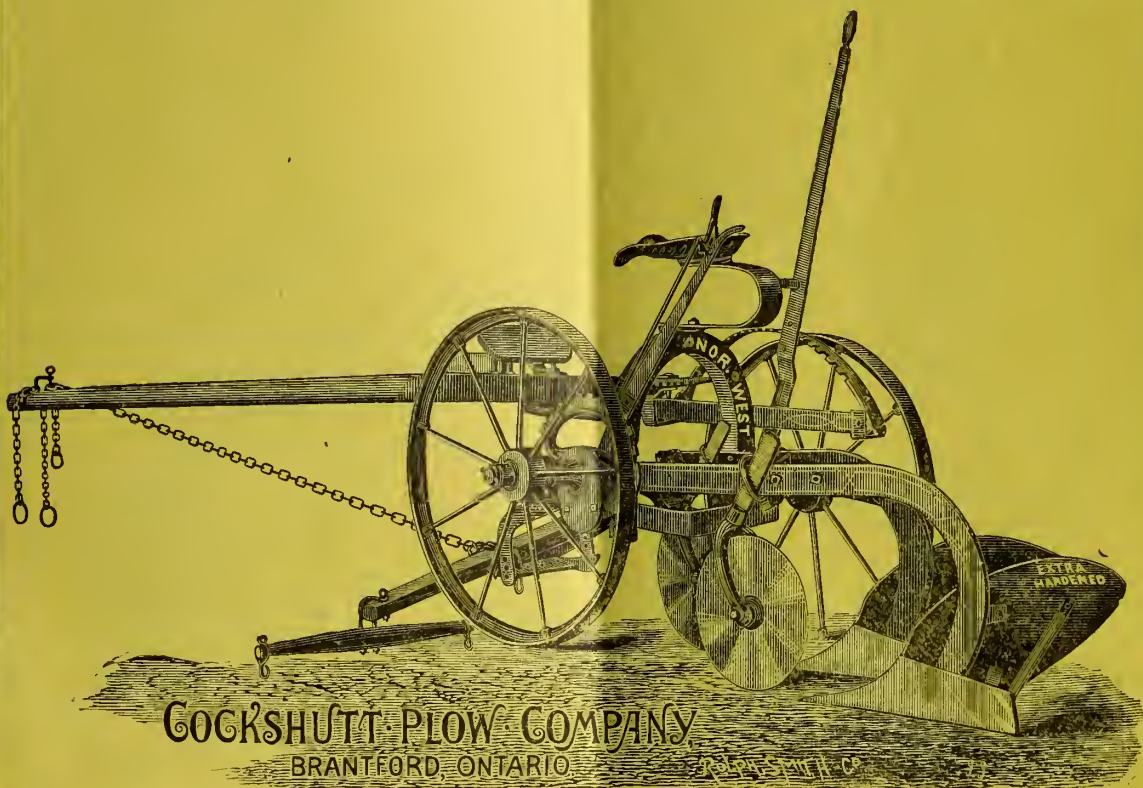

Manufactured by the
COCKSHUTT PLOW CO., LTD,
BRANTFORD, ONT.
Office and Works, South Market Street.

Co

Cockshutt's "NOR'-WEST" Sulky Gang Plow.

DIRECTIONS FOR FITTING BOTTOMS

— TO OUR —

"NOR'-WEST" GANG.

Procure a level platform about 7 ft. x 30 in., and along one edge nail a straight strip running the entire length. Then place the beams and bottoms on the platform in such a way as to have the landside of the left hand plow along the strip. Under the front end erect a support for the ends of the beams $8\frac{3}{4}$ inches high. See that the end of the long or left hand beam sets into the right $1\frac{1}{2}$ in. from a line with the landside. Then bolt on the other bottom and see that its landside is parallel with the strip. The plow bottoms must set level on the platform. This is for setting the turf and stubble bottoms and the only change required to set the breaker bottoms is to lower the support for the beam ends to 6 in. The plow will not work right unless these conditions are complied with.

In order to avoid clogging in rough backsetting, we have made change holes in the "Nor'-West" beams, so that the plows can be set further back on the saddle, thus giving more space between furrow and wheels.

DESCRIPTION

— OF THE —

"NOR'-WEST"

This excellent plow is specially adapted to the great wheat farms of the North-West, and we are now making it arranged to use the horses abreast, whether three or four are employed. Four horses can be handled better on a plow when driven abreast than tandem. It is arranged for the off horse always to walk in the furrow. It is furnished with 12-inch all steel bottoms for either stubble or for prairie breaking, and we are now making the "Morrison Browne" pattern, which has been proved to be the best shaped mould-board for prairie breaking. We manufacture it for Ontario with plain coulter, or with jointers; but for those farms free from stones the rolling coulter is preferable. A man with 4 horses on this plow can plow (7 inches deep and 24 wide) an acre of land, with ease, every two hours, and no plow can do more perfect work.

Our "Brantford" Sulky is manufactured with either 14 inch or 16 inch all steel bottoms, for turf and stubble plowing, and with 14 inch breaker bottoms for prairie breaking. This is the Morrison Browne pattern of mouldboard, and has a 16 inch share, but is only intended to turn a 14 inch furrow, which is the widest furrow practical to turn and do a good job in Sulky breaking. Our Rolling Coulter for this plow is full 16 inches, and the largest size manufactured.

We also make 12 inch chilled bottoms for this plow, which are made for heavy plowing in Ontario, and furnish also either plain coulters or jointers for it for stubble plowing.

Any of these bottoms can be attached to the same plow by loosening three bolts at the lower end of the beams, and are all interchangeable. Our "Brantford" Sulky can be easily adjusted to use either two or three horses.

The "Brantford" Sulky has the best device for lifting out of the furrows whereby the hand and the foot both assist in raising it. All complications of a horse-power lift are done away with; a small boy can operate it with ease.

We are now turning out sulkies, Gangs and Walking Plows that we are not ashamed to place along side with the best American as equal in every particular, viz.: Material, Finish, Temper and Working. We use the very best American steel, fit in the most careful manner, temper all the working parts, and guarantee our extras to fit well. Special care is given to plows for Manitoba. We have the best facilities in the Dominion for making good Plows, and give our entire attention to their manufacture only. Tripletrees are always furnished with our Sulky Plows.

10 and 12 inch Peerless bottom for sulky, steel board.....	11 00
14 inch Breaker bottom, with extra share	18 50
12 " " " " "	14 00
Short Tongue.....	75
Long ".....	1 00
Neck yoke complete.....	1 00
3-horse Whiffletrees complete.....	4 50

The Shares we are now making are marked as above, with the letters stamped on them. The "Nor-West" Breaker Shares are now of the Morrison Browne pattern. Though we attached some of the Deere pattern to a few of the first plows we made, there is no mark on them. The Brantford Sulky Breaker Shares are now of the Morrison Browne pattern; though we attached some of the Buford pattern to a few of the first plows we made there is no mark on them. To avoid mistakes in ordering, state what mark is on the Share, if any.

COCKSHUTT'S

CELEBRATED

"DIAMOND POINT"

CORN and ROOT

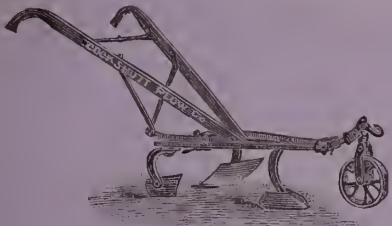

SINGLE HORSE CULTIVATOR.

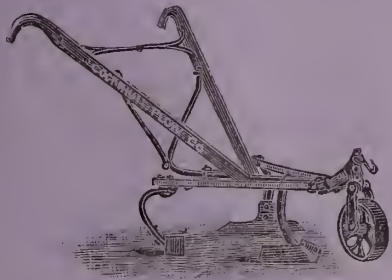

Manufactured by the

COCKSHUTT PLOW CO., L'TD,
BRANTFORD, ONT.

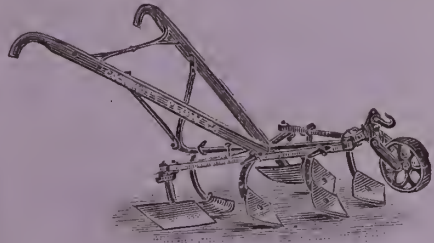

Office and Works, South Market Street.

Arranged with three teeth, for first time through Turnips.

Arranged with flat turnip blades, for level cultivating.

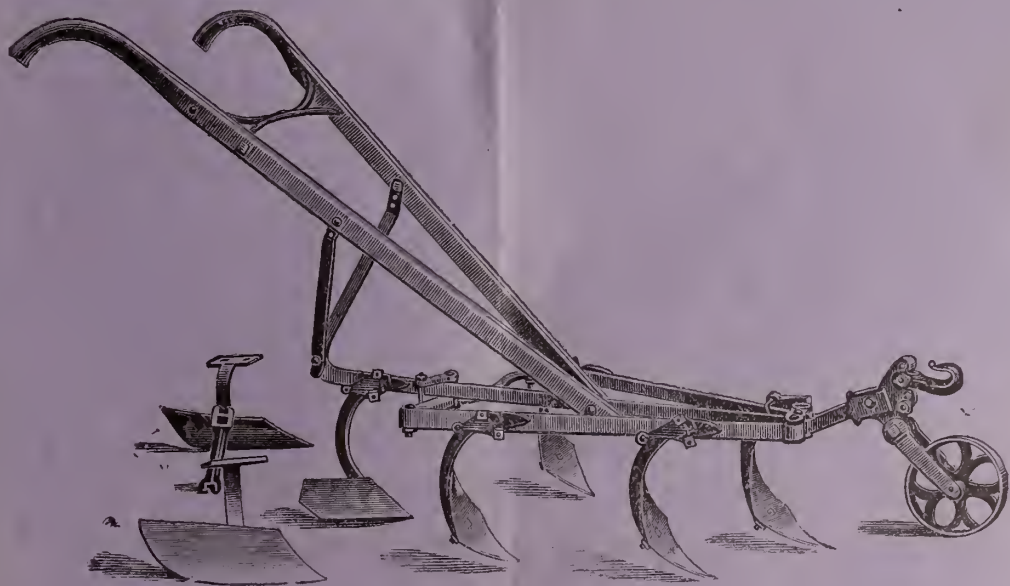

Arranged with seven teeth, for last time through Corn.

Arranged with long hillers for Potatoes.

THE DIAMOND POINT.

Arranged for General Cultivating.
WITH FIVE TEETH ATTACHED.

REASONS WHY THE "DIAMOND" POINT

IS THE

Best Single Horse Cultivator in the Market.

1st. The "*Diamond*" point tooth is the *best* shape for weed cutting.

2nd. The "*Diamond*" point tooth is the *best* shape for cultivating the ground.

3rd. The "*Diamond*" point tooth can be set by sliding the standard through the malleable clip, so that it will run deeper or shallower by our patented device.

4th. The "*Diamond*" point tooth can be set forward or back on the beam in any position required by the operator, by our patented device.

5th. The "*Diamond*" point tooth is saved from breakage by our *patented* break pin, when coming in contact with obstructions.

6th. The "*Diamond*" point tooth can be reversed when worn.

7th. The "*Diamond*" points are clipped on to the cultivator beams, thus retaining all the strength of the iron, no holes being punched through them.

8th. The "*Diamond*" point is the can be used with seven adjustable teeth all at once.

9th. The "*Diamond*" point can be set for more variety of cultivating work than any other single cultivator.

10th. The "*Diamond*" point cultivator is made with either large or small teeth.

11th. The "*Diamond*" point cultivator is made with either large or small hillers.

12th. The "*Diamond*" point cultivator has been sold to over 4,500 farmers in four years.

13th. The "*Diamond*" point cultivator is made only from the best steel, malleable, and wrought iron.

14th. The "*Diamond*" point cultivator is better adapted to our various hoed crops than any other single horse cultivator.

15th. The "*Diamond*" point is the best general purpose single horse cultivator in the market.

FOR SALE BY

GIDEON TUGWELL
NAPANEE

COCKSHUTT'S "WIARD" SULKY PLOW,

PATENTED 1883.

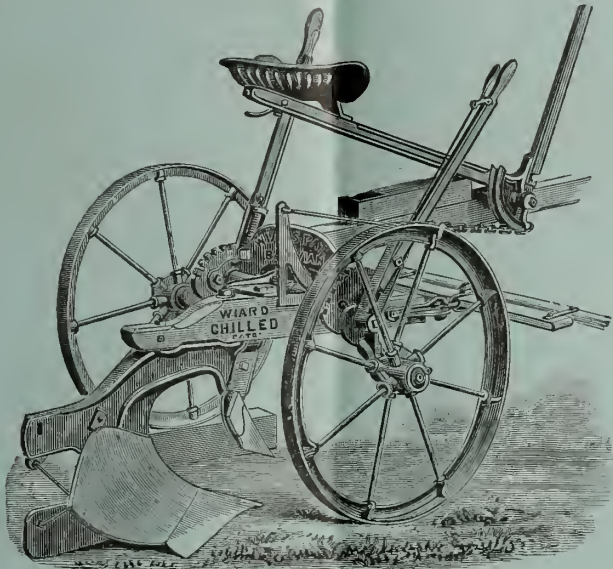

Manufactured in Canada by the

COCKSHUTT PLOW CO., LTD,
And no Others,
BRANTFORD, ONT.

Office and Works, South Market Street.

Cockshutt's "WIARD" Sulky

Is perfectly balanced, working without strain on the horses' necks, and absolutely without side draft. Its wheels are adjusted independently, so it can be set for deep or shallow plowing, and levelled for side-hill work in the easiest and most effective manner. The Plow is raised with one lever, and can be changed from two to three horses abreast in a minute, and works equally well either way.

It is especially adapted for hard clay, stoney soils, and broken and uneven farms, and it will plow harder land than any other plow.

WE HAVE MANUFACTURED THE

"WIARD" SULKY PLOW

With our celebrated "Peerless" Bottom with Jointer attachment, and which we make with either chilled or steel boards.

This plow is always furnished with a wooden beam which we are satisfied has advantages for a Sulky Plow. It combines strength with elasticity and can be held in position better than any other style of beam without any trouble and thus the plow is held more rigidly to its work. No kind of obstruction hinders this Sulky from doing good work.

We also manufacture the "Wiard" Sulky Plow with our New "Economist" bottom with reversible point and wing, perfectly interchangeable, and which is without doubt the **Best Patent** in the plow trade at the present time. We attach the "Economist" bottom to the sulky frame by a steel beam which some farmers prefer to a wooden beam, thus giving a choice to the purchaser.

We are the Pioneer Sulky Plow makers of the Dominion of Canada, and have four hundred in the farmers' hands.

The most important feature that renders the Wiard far superior to other Sulky plows, is

THE PATENT FLANGED WHEEL,

which enables the operator to cut a perfectly uniform furrow in any soil, and to turn the last furrow or, as we say, "finish a land," with much greater precision than can be done with any other Sulky Plow, or even by the best plowman with a hand plow.

This most desirable improvement was happily discovered soon after the first introduction of this Sulky, and after experiment had fully demonstrated its great value, application was made for a patent, covering the principle broadly, which was at once allowed and the

PATENT GRANTED MAY 29, '83.

thus securing to the patrons of the Wiard Sulky the exclusive enjoyment of this great benefit. Another and a most useful attachment of the Wiard Sulky, is its

ADJUSTABLE PLATE,

by which the width of the furrow can be accurately gauged, whether narrow for light teams, or wide for heavy two or three-horse work.

The wheels are fitted with rock maple boxes, which will last for years, cost but a trifle to replace, and save all wear of hub and axle.

The axles are made of the best quality of steel, ensuring greatest strength and durability.

It is so easily handled that a boy twelve years old can control it perfectly.

It is thoroughly made and finished in the most workmanlike manner, its wheels having wrought-iron spokes.

THE JOINTER.

Too much emphasis cannot be given to the importance of this attachment. From the unwieldy and complicated "Skim Plows" of years ago, it has been "revised and improved," making it almost as light and quite as simple as the Coulter, whose place it takes. Its object is to take a thin narrow slice from the edge of a furrow, which, being followed by the plow, is carried over into the bottom of the previous furrow, thus ENTIRELY COVERING ALL GRASS, WEEDS, STUBBLE, AND OTHER RUBBISH.

Sod at one plowing is made as mellow as old ground, and may be cross-harrowed, without danger of dragging up turf.

confidentially

Odessa Ont.,

Mr. Geo. F. Hawley

Bath Ontario

Sir I have for a few years past felt some anxiety to post myself in political affairs and especially in the laws of Ontario and as the government has lately been making some addition to the list of magistrates you now have it in your power to assist me in ^{the} acquired knowledge by getting my name added to the list above referred to. It would be of considerable benefit to me by affording me the statutes from which I could post myself without neglecting my business. I think I am entitled in some degree to a favour for the following reason. We are a family who represent one of the greatest number of votes of any family in this Township (of Ernesttown) and represent as a connection no small portion of the wealth of the Township and I think have heretofore asked as few favours and received as few as almost any family in the Township and consequently I have concluded to ask this as a favour from you to get me this appointment. With regard to my character, wealth, reputation or ability I can refer you to almost any person in the Township and especially to your neighbours the "Ross family". You may think it bold of me to ask a favour of this kind from you I confess it is as I was

not a supporter of yours at the last election I was
pledged to vote for your opponent and could
not do any other way and keep my word good although
I advised my Father in law (John Parrott now living with me)
to support you he did so. The Sniders as a family con-
nection did not support you I had spoken to many
of them in favour of Mr. Roe as I had promised to do
and as I was well acquainted with him you at that time
being a stranger to me. I acted consciencious and I do
not think you would blame me. Had Mr. Roe been
elected I should then have felt free to ask a favour of this
kind and I am satisfied I would have received it.
If you should think best to do as I trust you will I
shall ever feel myself under obligations to you and
will try to satisfy you for your kindness and trouble.
If you should think differently or find reasons why
you cannot ~~do~~ do so then I must wait patiently
until a more favourable opportunity presents itself.

Yours &c

Nathan Fellows Snider
